

Following is a list of Minnesota facilities registered to the ISO 14001 international Environmental Management System standard as of October 2011. There is no longer a source we are aware of which acts as a registry for ISO 14001 certificates, and the Minnesota Pollution Control Agency (MPCA) does not have the resources to conduct its own survey.

Therefore, if you are interested in publicizing your certificate, we need your help! To request or correct a listing, please contact the MPCA at 651-296-6300 or 800-657-3864 and ask for Environmental Management Systems staff.
