I certify under penalty of law that the facility described in registration permit number _____ is eligible for the option B registration permit that it was issued and holds and that the facility purchased or used (as stated in the permit application) _____ gallons of VOC-containing materials in the 12-month reporting period.*

***Please make certain you are reporting the gallons used or purchased for the most recent calendar year.**

I further certify that the eligibility of the facility and the quantity of material reported herein were determined under my direction or supervision by qualified personnel. The information used to determine eligibility and the quantity of material reported herein for the registration permit is, to the best of my knowledge and belief, true and accurate. I understand that the information provided in this certification will be used by the MPCA to assess a fee under Minn. R. 7002.0025, subp. 1(C), which the facility will be required to pay under Minn. R. 7002.0065.
