RE: Voiding Air Emission Permit No. 05300417-001

Dear Mr. Kubler:

The purpose of this letter is to notify you that Air Emission Permit No. 05300417-001, issued on February 23, 2007, for your facility, Leef Services Inc, located at 212 James Avenue North, Minneapolis, Hennepin County, Minnesota, is voided.

The Minnesota Pollution Control Agency (MPCA) received a Request to Void an Air Emission Permit (VR-01) from you on March 30, 2009. The reason to void the permit is the facility permanently shut down on October 3, 2008.

In accordance with Minn. R. 7007.1050, subp. 7, (see below), the MPCA has voided Air Emission Permit No. 05300417-001, effective the date of this letter.

Minn. R. 7007.1050

*Subp. 7. **Voiding an existing permit.** The agency shall void a permit issued under parts 7001.1200 to 7001.1220 or 7007.0050 to 7007.1850, if it determines that the stationary source no longer requires the permit under existing law. A Permittee may request the agency to void a permit. An agency determination to void a permit under this subpart must be in writing and shall explicitly identify the permit in question and state why the permit is no longer required. The agency shall send any such determination to the Permittee.*
