

# Total Maximum Daily Load Wasteload Allocations for Municipal Separate Storm Sewer Systems

This worksheet contains all Municipal Separate Storm Sewer Systems (MS4) that have Waste Load Allocations (WLA) for one or more Total Maximum Daily Load (TMDL) study

**Last updated October 4, 2011.**

*There may be multiple WLAs per MS4 for each project.*

*Pending approval dates are TMDLs at U.S. Environmental Protection Agency for final review at the time of this update. The Minnesota Pollution Control Agency does not anticipate changes in the list of MS4s.*

NAME	TMDL ID	TMDL Project Name	Approval Date	Implementation Plan Approval Date
Fairmont City MS4	10019	Blue Earth River Basin - Fecal Coliform	11/14/07	11/2007
Mankato City MS4	10019	Blue Earth River Basin - Fecal Coliform	11/14/07	11/2007
