

# Electronic Discharge Monitoring Report Information Meetings

In the coming weeks, the Minnesota Pollution Control Agency (MPCA) will hold electronic Discharge Monitoring Report (eDMR) information meetings at the locations listed below. At each location, we intend to hold a morning meeting (9:00 a.m. to 11:00 a.m.) for permittees discharging domestic wastewater and an afternoon meeting (1:00 p.m. to 3:00 p.m.) for permittees discharging industrial wastewater. Space is limited; please call 218-302-6652 to reserve your seat. If there is enough demand, additional meetings may be scheduled. We hope to webcast the St. Paul meeting and, if that is possible, will post information about it on the MPCA website at <http://www.pca.state.mn.us/hqzqb28> under the Daily Values and Future eDMR Reporting Requirements link/heading.

The informational meetings will be held at:

October 19, 2011
