Cost and Effectiveness Certification Form

State Revolving Fund
Federal Water Pollution Control Act Section 602(b)(13)
and Minn. R. 7077.0272, subp. 2.D. or 7077.0277, subp. 2.C.

Instructions: The project representative must check both boxes below and the form must be signed by both the project representative and the professional engineer for the project.

☐ 1) The municipality has studied and evaluated the cost and effectiveness of the processes, materials, techniques, and technologies for carrying out the proposed project or activity for which the assistance is sought under the Clean Water Revolving Fund (Minnesota Statute 446.07); and

☐ 2) The municipality has selected, to the maximum extent practicable, a project or activity that maximizes the potential for efficient water use, reuse, recapture, and conservation, and energy conservation, taking into account:

   a) The cost of constructing the project or activity.
   b) The cost of operating and maintaining the project or activity over the life of the project or activity.
   c) The cost of replacing the project or activity.

Project Information

Municipality name: ______________________________________
Project number: ______________________________________

Certification

We certify that the project has completed both requirements (1) and (2) as checked above.

Project Representative
