

Minnesota River Turbidity Stakeholder Advisory Committee Meeting

Wednesday, July 11
New Ulm Holiday Inn

10:00 – 12:00 Summaries of discussions from the watershed, urban, and agricultural groups where they identified accomplishments thus far along with critical issues facing us all moving forward.:

Watersheds – Paul Wymar

Urban – Emily Javens

Agriculture – Paul Torkelson

Along with and following each presentation, a panel of those who participated in each group will take questions and respond to comments.

12:00 Lunch

12:30 – 2:45 Narrow critical issues to get a collective viewpoint on what is important to the whole group in improving the river. This shared understanding will be the first step in a process that culminates in the charge to consultants who are developing the hydrologic model for turbidity.

2:45 Update on TMDL, schedule, communications, etc.

3:00 Adjourn
