

Minnesota River Turbidity TMDL Stakeholder Advisory Committee

New Ulm Community Center

Monday, September 11, 2006

9:30 a.m. – 3:00 p.m.

9:30 – 9:45 Introductions

9:45 – 10:00 Review of sources and practices – Jim Klang

10:00 – 10:45 Prioritization of sources and practices – Bill and Larry

We've discussed several turbidity sources and practices. Prioritizing the sources and practices will help us to identify differences and similarities in our opinions. It won't be final since we will revise it at a later time and information from many of the studies will not be available until next year.

10:45 – 11:00 Break

11:00 – 12:00 Continue prioritization of sources and practices

12:00 – 12:30 Lunch

12:30 – 1:30 Review practices on high sensitivity lands – small groups

This picks up from where the June meeting ended – essentially reviewing the recommendations and settling on the practices for high sensitivity lands.

1:30 – 2:00 Report out

2:00 – 2:30 Sediment sources in High Island Creek and the Rush River Watersheds – Pat Baskfield

2:30 – 3:00 Next steps in coming months

3:00 Adjourn
