

A person wearing a blue bucket hat, a red jacket, and a yellow backpack is standing on a rocky shore, fishing with a long rod in a river. The water is blue and slightly rippled. The background shows a distant shoreline with some greenery.

Minnesota River Turbidity TMDL

Larry Gunderson
Minnesota Pollution Control Agency

Today's agenda

- Natural, reversible, and irreversible sources – Jim
- Middle Minnesota River Watershed – Kevin
- Special studies – Chuck
 - What do you feel are the most important?
 - Your role?

Update

- Sediment Reduction Advisory Committee
- Work plan
- Source reduction grid
- May meeting
 - Sensitive lands
- July meeting
 - Drainage
