INDUSTRIAL DIVISION PUBLIC NOTICE OF INTENT TO REISSUE

STATE DISPOSAL SYSTEM (SDS) PERMIT MN0056413

Public Comment Period Begins: April 1, 2013
Public Comment Period Ends: May 1, 2013

Current Permit Issued: November 2, 2004
Current Permit Expiration Date: October 31, 2009

Name and Address of Permittee:

IFP Inc
72241 250th Ave
Hayfield, MN 55940

Facility Name and Location:

IFP Inc. - Hayfield
72241 250th Ave
T105N, R16W, Section 16,
Vernon, Dodge County, Minnesota

Description of Permitted Facility

The IFP Inc. - Hayfield facility (Facility) is located at NE 1/4 of NE 1/4 of Section 16, Township 105 North, Range 16 West, Hayfield, Dodge County, Minnesota.

The principal activity at this facility is custom agglomeration and spray drying of various food-grade powders (carbohydrate, protein and fat). This is essentially a dry operation with wastewater generated during periods of cleanup.

Wastewater from the facility consists of equipment and product wash water, cooling water from an air compressor, RO reject, water softener regenerate, and boiler blowdown. The treatment system consists of two 1,000-gallon septic tanks, a lift station and approximately 950 feet of 4-inch force main and a 9.7-acre ridge and furrow system. Wastewater generated by the plant reaches the ridge and furrow system through a separate pathway apart from the septic tanks. Sanitary waste is routed through the septic tanks to the lift station and out to the ridge and furrow system.

The ridge and furrow system is divided into seven separate cells. There are three separate discharge points within the ridge and furrow system allowing for flexibility in the operation of the system. The crop cover on the ridge and furrow system consists mainly of reed canary grass.

This permit authorizes the land application of industrial by-product (IBP) at agronomic rates during the cropping season. WS301 consists of solids from the ridge and furrow system.

The location of the Facility is shown on the following map.

Preliminary Determination on the Draft Permit

The MPCA Commissioner has made a preliminary determination to reissue this SDS permit for a term of approximately five years.

A draft permit is available for review at the MPCA office at the St. Paul address listed below, at the Rochester regional office and on-line at <http://www.pca.state.mn.us/news/data/index.cfm?PN=1>.

A copy of the draft permit will be mailed to you if the MPCA receives your written or oral request at this office. If you have questions about this draft permit or the Commissioner's preliminary determination, please contact Emily Schnick at 651-757-2699.

Written Comments

You may submit written comments on the conditions of the draft permit or on the Commissioner's preliminary determination.

Written comments must include the following:

1. A statement of your interest in the permit application or the draft permit.
2. A statement of the action you wish the MPCA to take, including specific references to sections of the draft permit that you believe should be changed.
3. The reasons supporting your position, stated with sufficient specificity as to allow the Commissioner to investigate the merits of your position.

Petition for Public Informational Meeting

You also may request that the MPCA Commissioner hold a public informational meeting. A public informational meeting is an informal meeting that the MPCA may hold to solicit public comment and statements on matters before the MPCA, and to help clarify and resolve issues.

A petition requesting a public informational meeting must include the following information:

1. A statement identifying the matter of concern.
2. The information required under items 1 through 3 of "Written Comments," identified above.
3. A statement of the reasons the MPCA should hold a public informational meeting.
4. The issues that you would like the MPCA to address at the public informational meeting.

Petition for Contested Case Hearing

You also may submit a petition for a contested case hearing. A contested case hearing is a formal evidentiary hearing before an administrative law judge. In accordance with Minn. R. 7000.1900, the MPCA will grant a petition to hold a contested case hearing if it finds that: (1) there is a material issue of fact in dispute concerning the application or draft permit; (2) the MPCA has the jurisdiction to make a determination on the disputed material issue of fact; and (3) there is a reasonable basis underlying the disputed material issue of fact or facts such that the holding of the contested case hearing would allow the introduction of information that would aid the MPCA in resolving the disputed facts in making a final decision on the draft permit. A material issue of fact means a fact question, as distinguished from a policy question, whose resolution could have a direct bearing on a final MPCA decision.

A petition for a contested case hearing must include the following information:

1. A statement of reasons or proposed findings supporting the MPCA decision to hold a contested case hearing according to the criteria in Minn. R. 7000.1900, as discussed above.
2. A statement of the issues proposed to be addressed by a contested case hearing and the specific relief requested or resolution of the matter.

In addition and to the extent known, a petition for a contested case hearing should also include the following information:

1. A proposed list of prospective witnesses to be called, including experts, with a brief description of proposed testimony or summary of evidence to be presented at a contested case hearing.
2. A proposed list of publications, references, or studies to be introduced and relied upon at a contested case hearing.
3. An estimate of time required for you to present the matter at a contested case hearing.

MPCA Decision

You may submit a petition to the Commissioner requesting that the MPCA Citizens' Board (Board) consider the permit issuance. To be considered timely, the petition must be received by the MPCA by 4:30 p.m. on the date the public comment period ends, identified on page 1 of this notice. Under the provisions of Minn. Stat. § 116.02, subd. 6(4), the decision whether to issue the permit and, if so, under what terms will be presented to the Board for decision if: (1) the Commissioner grants the petition requesting the matter be presented to the Board; (2) one or more Board members request to hear the matter before the time the Commissioner makes a final decision on the permit; or (3) a timely request for a contested case hearing is pending. You may participate in the activities of the Board as provided in Minn. R. 7000.0650.

The written comments, requests, and petitions submitted on or before the last day of the public comment period will be considered in the final decision on this permit. If the MPCA does not receive written comments, requests, or petitions during the public comment period, MPCA staff as authorized by the Board, will make the final decision on the draft permit.

Comments, petitions, and/or requests must be submitted in writing on or before the end date of the public comment period identified on page 1 of this notice to:
