# Public Notice of Intent to Modify

Coverage under the State of Minnesota  
General Livestock Production Permit NPDES/SDS Permit  
for a Concentrated Animal Feeding Operation  
Permit Number MNG440875

*Doc Type: Public Notice*

## Facility Specific Information

**Public comment period begins:** May 3, 2013

**Public comment period ends:** June 3, 2013

**Current coverage issued:** May 19, 2011

**Current permit expiration:** January 31, 2016

### **Name and address of Permittee:**

Bullerman Farms, LLC  
17034 – 290<sup>th</sup> Street  
Adrian, Minnesota 56110

### **Facility name and location:**

Bullerman Farms, LLC – Section 7  
16965 – 290<sup>th</sup> Street  
Adrian, Minnesota 56110  
NW¼, Section 7, T101N, R42W  
Little Rock Township, Nobles County, Minnesota

Bullerman Farms, LLC – Section 5  
17034 – 290<sup>th</sup> Street  
Adrian, Minnesota 56110  
SW¼ of the SW¼, T101N, R42W  
Little Rock Township, Nobles County, Minnesota

**Watershed/Basin:** Rock River

### **Description of permitted facility:**

Bullerman Farms, LLC – Sec 5 is currently registered for 995 head of dairy calves (199 animal units) that are housed in five existing total confinement barns. Solid dairy manure generated at the facility is stored in manure pack inside of the five existing total confinement barns. There are no changes proposed at this facility.

Bullerman Farms, LLC – Sec 7 is currently permitted for 1,655 head of dairy calves (286 animal units) housed in six existing total confinement barns; 1,200 head of dairy heifers (840 animal units) housed in two existing total confinement barns; and 400 head of swine finishing (120 animal units) housed in one existing total confinement barn, for a total of 1,291 animal units. Solid dairy manure produced at the facility is stored in manure pack inside of the eight existing dairy calf and heifer barns. Liquid swine manure and milk center waste produced at the facility is stored in an existing earthen basin. Runoff from the existing uncovered feed storage area is collected in an existing feed pad runoff collection earthen basin.

Bullerman Farms, LLC has proposed modifications to the Bullerman Farms, LLC Sec 7 facility. The existing total confinement barn used to house the 400 head of swine finishing (120 animal units) will be converted to house 120 head of dairy calves (24 animal units). The facility is also proposing to construct one total confinement barn to house 600 head of dairy heifers (420 animal units). The facility is also proposing to establish a new uncovered feed storage area with the runoff from this proposed feed storage area to be collected in the existing feed pad runoff collection earthen basin.

After the proposed modifications to Bullerman Farms, LLC – Sec 7, the facility will be permitted for 1,775 head of dairy calves (355 animal units) housed in seven existing total confinement barns, and 1,800 head of dairy heifers (1,260 animal units) housed in two existing and one proposed total confinement barns for a total of 1,615 animal units. Solid dairy manure generated at the facility will be stored in manure pack inside the dairy calf and heifer barns. Liquid dairy manure and milk center waste will be stored in an existing earthen basin. Runoff from the existing and proposed feed storage areas will be stored in an existing earthen basin.

The existing facilities are currently registered as separate sites under separate ownership. Due to a change in ownership at the Bullerman Farms, LLC - Sec 7 facility, these facilities will be permitted under one multi-site permit. The combined capacity of both sites will be 1,800 head of dairy heifers (1,260 animal units) and 2,770 head of dairy calves for a total of 1,814 animal units.

The facilities are proposing to expand by 324 animal units.

## Preliminary Determination to Issue Coverage

The Minnesota Pollution Control Agency (MPCA) Commissioner has made a preliminary determination to modify coverage to this facility until the expiration of the General Livestock Production Permit on January 31, 2016.

If you have questions about the Commissioner's preliminary determination, please contact the staff person listed at the end of this notice.

A General Livestock Production Permit can be viewed at <http://www.pca.state.mn.us/hot/feedlot-forms.html#2011permit>.

## Written Comments

You may submit written comments on the conditions of the Commissioner's preliminary determination.

### **Written comments must include the following:**

1. A statement of your interest in the permit application or the preliminary determination.
2. A statement of the action you wish the MPCA to take.
3. The reasons supporting your position, stated with sufficient specificity as to allow the Commissioner to investigate the merits of your position.

## Petition for Public Informational Meeting

You also may request that the MPCA Commissioner hold a public informational meeting. A public informational meeting is an informal meeting that the MPCA may hold to solicit public comment and statements on matters before the MPCA, and to help clarify and resolve issues.

### **A petition requesting a public informational meeting must include the following information:**

1. A statement identifying the matter of concern.
2. The information required under items 1 through 3 of "Written Comments," identified above.
3. A statement of the reasons the MPCA should hold a public informational meeting.
4. The issues that you would like the MPCA to address at the public informational meeting.

## Petition for Contested Case Hearing

You also may submit a petition for a contested case hearing. A contested case hearing is a formal evidentiary hearing before an administrative law judge. In accordance with Minn. R. 7000.1900, the MPCA will grant a petition to hold a contested case hearing if it finds that: (1) there is a material issue of fact in dispute concerning the application; (2) the MPCA has the jurisdiction to make a determination on the disputed material issue of fact; and (3) there is a reasonable basis underlying the disputed material issue of fact or facts such that the holding of the contested case hearing would allow the introduction of information that would aid the MPCA in resolving the disputed facts in making a final decision on the preliminary determination. A material issue of fact means a fact question, as distinguished from a policy question, whose resolution could have a direct bearing on a final MPCA decision.

### **A petition for a contested case hearing must include the following information:**

1. A statement of reasons or proposed findings supporting the MPCA decision to hold a contested case hearing according to the criteria in Minn. R. 7000.1900, as discussed above.
2. A statement of the issues proposed to be addressed by a contested case hearing and the specific relief requested or resolution of the matter.

### **In addition and to the extent known, a petition for a contested case hearing should also include the following information:**

1. A proposed list of prospective witnesses to be called, including experts, with a brief description of proposed testimony or summary of evidence to be presented at a contested case hearing.
2. A proposed list of publications, references, or studies to be introduced and relied upon at a contested case hearing.
3. An estimate of time required for you to present the matter at a contested case hearing.

## MPCA Decision

You may submit a petition to the Commissioner requesting that the MPCA Citizens' Board (Board) consider the preliminary determination. To be considered timely, the petition must be received by the MPCA by 4:30 p.m. on the date the public comment period ends, identified on page 1 of this notice. Under the provisions of Minn. Stat. § 116.02, subd. 6(4), the decision whether to issue the permit coverage and, if so, under what terms will be presented to the Board for decision if: (1) the Commissioner grants the petition requesting the matter be presented to the Board; (2) one or more Board members request to hear the matter before the time the Commissioner makes a final decision on permit coverage; or (3) a timely request for a contested case hearing is pending. You may participate in the activities of the Board as provided in Minn. R. 7000.0650.

The written comments, requests, and petitions submitted on or before the last day of the public comment period will be considered in the final decision on permit coverage. If the MPCA does not receive written comments, requests, or petitions during the public comment period, MPCA staff as authorized by the Board, will make the final decision on permit coverage.

**Comments, petitions, and/or requests must be submitted in writing on or before the end date of the public comment period identified on page 1 of this notice to:**
