Solid Waste Management Facility Permit

Blaine Environmental Campus

Permit: SW-582

Action: PER007

In accordance with Minn. Stat. chs. 115, 115A, and 116, and Minn. Rules chs. 7000, 7001, and 7035, the Minnesota Pollution Control Agency (MPCA) hereby issues this permit and authorizes the permittee(s) listed on the following page to construct and operate the Blaine Environmental Campus, SW-582 under the conditions set forth in this permit.

The facility consists of 2 acres located in: Township 31 N, Range 23 W, Section 22, Anoka County, in the MPCA Metro Region. The facility includes the following waste activity area(s):

Solid Waste Transfer Area

TR001

The determination to issue this permit is discretionary with the MPCA and was made subsequent to MPCA staff review of the permit application. The term commissioner, as used in this permit, refers to the MPCA Commissioner or MPCA personnel who have been delegated explicit authority by the commissioner. Other terms used in this permit are defined in Minnesota Statutes, the MPCA Solid Waste Management Rules, or specifically defined in this permit.

Permit Issuance Date: 08/17/2007

Permit Expiration Date: 08/16/2012

Permit Modified Date:

Solid Waste Management Facility Permit

Blaine Environmental Campus

Permit: SW-582

Action: PER007

The following permittee(s) are authorized to construct and operate the Blaine Environmental Campus, SW-582 under the conditions set forth in this permit.

Permittee Activity Owner:

Blaine Environmental Campus

Address:

PO Box 7216

St. Paul, MN 551077216

Permittee Land Owner:

Blaine Environmental Campus

Address:

474 Apollo Dr Ste 10

Lino Lakes, MN 55014

Permittee Operator:

Address:

10320 Naples St NE

Blaine, MN 55449

DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT

1. TOTAL FACILITY

1.1 General

1.1.1 Definitions

- 1.1.2 "Permittee" means the landowner, facility owner(s), and facility operator(s).
- 1.1.3 "Facility" has the meaning given in Minn. R. 7035.0300, subp. 37.
- 1.1.4 "Waste Activity" means the storage, processing, transfer, utilization, treatment, or disposal of solid waste and waste by-products.
- 1.1.5 "Waste Activity Area" means the land, structures, monitoring devices, and other appurtenances and improvements on the land associated with a waste activity.

1.1.6 Waste Activities

- 1.1.7 The facility waste activities authorized by this permit are limited to those activities described in the Waste Capacity Table of this permit. The permittees are authorized to transfer a combined maximum of 155,999 tons per year (maximum of 500 tons per day) of mixed municipal solid waste (MSW), yard waste, and construction and demolition debris (C&D). The facility will have a maximum on-site storage capacity of 2700 cubic yards.

1.1.8 Location

- 1.1.9 The facility authorized by this permit consists of a 37 acre site located in Section 22, Township 31 North, Range 23 West, City of Blaine, Anoka County, Minnesota

1.1.10 Facility History

- 1.1.11 On November 22, 2000, the MPCA received a permit application from Blaine Environmental Campus, LLC for the construction and operation of a solid waste transfer facility. MPCA staff began review of the application and deemed it substantially complete in a letter dated May 3, 2001. This letter also requested that the permittee provide additional information necessary to deem the application adequate. The permittee provided the additional information in submittals dated June 8, 2001 and October 16, 2001. MPCA staff reviewed and approved these submittals. On April 27, 2001, MPCA staff received a letter from the Office of Environmental Assistance (OEA) which requested additional time for the OEA to perform its review of the application. In a letter dated May 14, 2001, the MPCA extended the review deadline to June 7, 2001. Additional extensions were granted by the MPCA in letters dated June 12, 2001, August 6, 2001, and August 27, 2001. On August 21, 2001, the OEA issued an order which approved the application for transfer of construction and demolition debris, and yard waste only. On September 6, 2001, the OEA issued an order which approved limited transfer of mixed municipal solid waste (MSW) at the facility. Following this order, discussions began between OEA, MPCA, the permittee, and BFI Waste Services (BFI). In a letter dated October 18, 2001, the permittee and BFI proposed an alternative MSW capacity scenario which was then agreed to by the OEA. On November 7, 2001, the OEA issued an amended order which incorporated this agreement. On November 13, 2001, the OEA issued a second amended order which extended the construction timelines.

DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT

TOTAL FACILITY

General

- 1.1.12 On June 3, 2002, BFI asked to be named the sole operator under the permit replacing SKB Environmental. SKB consented to this arrangement. The permit was modified to reflect this change effective August 27, 2002.
- 1.1.13 The original application dated January 7, 2002, authorized the following: during calendar years 2001 and 2002 the facility is authorized to transfer a combined maximum of 73,399 tons per year (maximum of 500 tons per day) of mixed municipal solid waste (MSW), yard waste, and construction and demolition debris (C&D). During the calendar years 2003, 2004, 2005, and 2006 the facility was authorized to transfer a combined maximum of 99,999 tons per year (maximum of 500 tons per day) of MSW, yard waste, and C&D waste.
- 1.1.14 With the application dated September 23, 2003, the permittees applied to increase the yearly capacity at this facility. A mandatory EAW was completed on the proposal and a negative declaration on the need for an EIS was signed by the MPCA Commissioner on December 10, 2003. This permit has modified the annual capacity to a combined maximum of 155,999 tons per year (maximum of 500 tons per day) as proposed in the September 2003 application.
- 1.1.15 On March 17, 2010, Transfer Station Properties, LLC purchased a 50% stake in the parcel of land where the transfer station is located.

1.1.16 Special Conditions

- 1.1.17 In accordance with item five of OEA's second amended order, dated December 13, 2001, the permittee shall obtain all necessary local government approvals and shall complete construction and begin operation of the facility no later than July 1, 2003.

1.2 Permit Documents

1.2.1 Permit Application

- 1.2.2 The permit application approved by this permit is signed and dated November 22, 2000, and is entitled "Transfer Station Permit Application, Blaine Environmental Campus, LLC." Supplemental information is dated June 8, 2001, and October 16, 2001.
- 1.2.3 The permit application for the major modification is signed on September 23, 2003. The application was prepared by Wenck Associates, Inc. and sent under cover dated September 24, 2003. Supplemental information was received by the MPCA on November 25, 2003.

Permit Documents

1.2.4 Engineering Documents

1.2.5 The engineering documents approved by this permit include:

1. Engineering Report, dated November 22, 2000, with supplemental information dated June 8, 2001.
2. Operations and Maintenance Manual, dated November 22, 2000, with supplemental information dated June 8, 2001 and October 16, 2001.
3. Contingency Action Plan, dated November 22, 2000.
4. Closure/Postclosure Plan, dated November 22, 2000, with supplemental information dated June 8, 2001.
5. Cost Estimates, dated June 8, 2001.
6. Industrial Solid Waste Management Plan, dated June 8, 2001.
7. Technical Specifications, dated November 22, 2000, with supplemental information dated June 8, 2001.
8. Construction Quality Assurance/Quality Control Plan, dated November 22, 2000.
9. Engineering Plans/Drawings, dated November 22, 2000, with supplemental information dated June 8, 2001.

1.3 Design and Construction Criteria

1.3.1 Location Standards

1.3.2 The permittee may not locate, establish, or construct a solid waste management facility in areas designated in Minn. R. 7035.2555.

1.3.3 Ground Water Quality, Surface Water Quality, Air Quality, and Soil Protection

1.3.4 The permittee must locate, design, and construct the facility to prevent pollution of ground water and surface water, minimize the contamination of soils from solid waste, and maintain the facility in conformance with MPCA air pollution control rules in accordance with Minn. R. 7035.2565.

1.3.5 Storage Standards

1.3.6 A waste activity area where solid waste is stored must be designed in accordance with Minn. R. 7035.2855 except as provided in, subp. 1 and Minn. R. 7035.2525, subp. 2.

1.3.7 Storm Water Management System

1.3.8 The permittee shall construct and certify the storm water management system for the facility with Best Management Practices to manage storm water discharge in accordance with the National Pollutant Discharge Elimination System/State Disposal System (NPDES) Permit for the discharge of storm water associated with an industrial activity and/or a construction activity.

1.3.9 Construction Plan

1.3.10 The permittee must submit a construction plan to the commissioner for approval prior to construction if the construction plan proposes any major revisions to the approved design.

DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT
TOTAL FACILITY

Design and Construction Criteria

1.3.11 Construction Notification

1.3.12 Unless the commissioner orders otherwise, the permittee shall notify appropriate MPCA staff at least ten (10) working days in advance of construction of the facility or any component thereof.

1.3.13 Construction Certification

1.3.14 The permittee must submit a construction certification for approval by the commissioner in accordance with Minn. R. 7035.2610. A facility waste activity or any new design feature must not be placed into operation until the construction certification has been approved by the commissioner.

1.3.15 Alterations and Additions

1.3.16 The permittee shall not make any major alterations or additions to the facility that would materially alter the manner in which waste is managed without first obtaining the written consent of the commissioner.

1.4 Operating and Maintenance Criteria

1.4.1 Storage of Solid Waste

1.4.2 The permittee shall be responsible for the satisfactory storage of all solid waste accumulated at the facility in accordance with Minn. R. 7035.0700 and Minn. R. 7035.2855.

1.4.3 Collection and Transportation of Solid Waste

1.4.4 The permittee shall provide for the proper collection and transportation of solid waste in accordance with Minn. R. 7035.0800.

1.4.5 Unacceptable Wastes

1.4.6 The permittee must not accept specific wastes for treatment storage, processing, or disposal in accordance with Minn. R. 7035.2535, subp. 1.

1.4.7 Required Notices

1.4.8 The permittee must notify the MPCA before transferring ownership or operation of a solid waste management facility during its operating life or during postclosure care period in accordance with Minn. R. 7035.2535, subp. 2.

1.4.9 Security

1.4.10 The permittee must prevent unauthorized entry onto the facility in accordance with Minn. R. 7035.2535, subp. 3. In addition, the permittee shall post a sign at the entrance of the facility and each waste activity area showing the facility name, MPCA permit number, hours of operation, the acceptable waste, and any other relevant information.

1.4.11 General Inspection

1.4.12 The permittee must perform general inspections in accordance with Minn. R. 7035.2535, subp. 4.

DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT
TOTAL FACILITY

Operating and Maintenance Criteria

1.4.13 Industrial Solid Waste Management Plan

- 1.4.14 The permittee must manage industrial solid waste for each waste activity as specified in the approved plan, dated June 8, 2001, and in accordance with Minn. R. 7035.2535, subp. 5.

1.4.15 Household Hazardous Waste Management Plan

- 1.4.16 The permittee must develop a household hazardous waste management for each waste activity in accordance with Minn. R. 7035.2535, subp. 6.

1.4.17 Personnel Training

- 1.4.18 Facility personnel must successfully complete a program of classroom instruction or on-the-job training to maintain compliance with Minn. R. 7035.2525 to 7035.2915.

1.4.19 Storm Water Management System

- 1.4.20 The permittee shall operate and maintain the storm water management system for the facility with Best Management Practices to manage storm water discharges in accordance with the NPDES/SDS Permit for the discharge of storm water associated with an industrial activity and/or a construction activity.

1.4.21 Ground Water Quality, Surface Water Quality, Air Quality, and Soil Protection

- 1.4.22 The permittee must operate and maintain the facility to prevent pollution of ground water and surface water, minimize the contamination of soils from solid waste, and maintain the facility in conformance with MPCA air pollution control rules in accordance with Minn. R. 7035.2565.

1.4.23 Operating Record

- 1.4.24 The permittee must keep a written operating record at the facility in accordance with Minn. R. 7035.2575.

1.5 Reporting Criteria

1.5.1 Annual Facility Report

- 1.5.2 The permittee shall submit an annual facility report for the preceding calendar year in accordance with Minn. R. 7035.2585. When required of a waste activity, the report must include summary evaluation reports and specific annual reporting requirements. The permittee shall submit the report to the commissioner according to the schedule in the Required Actions and Submittals Table(s) of this permit.

1.6 Contingency Action Criteria

1.6.1 Contingency Action Plan

- 1.6.2 The permittee shall address all facility waste activities in the approved plan in accordance with Minn. R. 7035.2615.

DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT
TOTAL FACILITY

Contingency Action Criteria

1.6.3 Emergency Preparedness and Prevention

1.6.4 The permittee must design, construct, maintain, and operate a facility to minimize the possibility of a fire, explosion, or any release to air, land, or water of pollutants that threaten human health and the environment in accordance with Minn. R. 7035.2595.

1.6.5 Emergency Procedures

1.6.6 The permittee must take all reasonable containment measures during an emergency and submit a written report to the commissioner in accordance with Minn. R. 7035.2605.

1.7 Closure Criteria

1.7.1 Closure Plan

1.7.2 The permittee must close the facility and each waste activity as specified in the approved plan in accordance with Minn. R. 7035.2625.

1.7.3 Closure Procedures

1.7.4 The permittee must perform closure in accordance with Minn. R. 7035.2635.

1.8 Postclosure Criteria

1.8.1 Postclosure Plan

1.8.2 The permittee must comply with postclosure requirements in the approved plan in accordance with Minn. R. 7035.2645.

1.8.3 Postclosure Care

1.8.4 The permittee must perform postclosure care in accordance with Minn. R. 7035.2655, subp. 1.

1.8.5 Postclosure Use of Property

1.8.6 The permittee must comply with postclosure use of property requirements in accordance with Minn. R. 7035.2655, subp. 2.

1.9 Financial Criteria

1.9.1 Cost Estimates

1.9.2 The permittee must keep the current cost estimates for each waste activity at the facility during the operating life in accordance with Minn. R. 7035.2685, subp. 2.

DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT
TOTAL FACILITY

1.10 General Conditions

1.10.1 Release

1.10.2 The MPCA's issuance of a permit does not release the permittee from any liability, penalty, or duty imposed by Minnesota or federal statutes, or regulations, or local ordinances including, but not limited to, those promulgated pursuant to Minn. Stat. chs. 115, 115A, 116, 400 and 473. This permit shall be permissive only and shall not be construed as estopping or limiting any claims against the permittee, its agents, contractors, or assigns, nor as estopping or limiting any legal claims of the state against the permittee, its agents, contractors, or assigns for damages to state property, or for any violation of the terms of this permit.

1.10.3 Future Changes

1.10.4 The MPCA's issuance of a permit does not prevent the future adoption by the MPCA of pollution control rules, standards, or enforcement orders more stringent than those now in existence and does not prevent the enforcement of these rules, standards, or enforcement orders against the permittee.

1.10.5 Rights and Privilege

1.10.6 The permit does not convey a property right or an exclusive privilege.

1.10.7 Enforcement

1.10.8 The MPCA's issuance of a permit does not obligate the MPCA to enforce local laws, rules or plans beyond that authorized by Minnesota Statutes.

1.10.9 Performance

1.10.10 The permittee shall perform the actions or conduct the activity authorized by the permit in accordance with the submittals and specifications approved by the MPCA and in compliance with the conditions of the permit.

1.10.11 Operation and Maintenance

1.10.12 The permittee shall at all times properly operate and maintain the facilities and systems of treatment and control and the appurtenances related to them which are installed or used by the permittee to achieve compliance with the conditions of the permit. Proper operation and maintenance includes effective performance, adequate funding, adequate operator staffing and training, and adequate laboratory and process controls, including appropriate quality assurance procedures. The permittee shall install and maintain appropriate backup or auxiliary facilities if they are necessary to achieve compliance with the conditions of the permit and, for all permits other than hazardous waste facility permits, if these backup or auxiliary facilities are technically and economically feasible.

1.10.13 Honesty

1.10.14 The permittee may not knowingly make a false or misleading statement, representation, or certification in a record, report, plan, or other document required to be submitted to the MPCA or the commissioner by the permit. The permittee shall immediately upon discovery report to the commissioner an error or omission in these records, reports, submittals or other documents.

DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT
TOTAL FACILITY

General Conditions

1.10.15 Timely Information Submittal

1.10.16 The permittee shall, when requested by the commissioner, submit within a reasonable time the information and reports that are relevant to the control of pollution regarding the construction, modification, or operation of the facility covered by the permit or regarding the conduct of the activity covered by the permit.

1.10.17 Access

1.10.18 When authorized by Minn. Stat. 115.04, 115B.17, subd. 4 and 116.091, and upon presentation of proper credentials, the MPCA, or an authorized employee or agent of the MPCA, shall be allowed by the permittee to enter at reasonable times upon the property of the permittee to examine and copy books, papers, records, or memoranda pertaining to the construction, modification, or operation of the facility covered by the permit or pertaining to the activity covered by the permit; and to conduct surveys and investigations, including sampling or monitoring, pertaining to the construction, modification, or operation of the facility covered by the permit or pertaining to the activity covered by the permit.

1.10.19 Discovery of Noncompliance

1.10.20 If the permittee discovers, through any means, including notification by the MPCA, that noncompliance with a condition of the permit has occurred, the permittee shall take all reasonable steps to minimize the adverse impacts on human health, public drinking water supplies, or the environment resulting from the noncompliance.

1.10.21 Notification of Noncompliance

1.10.22 If the permittee discovers that noncompliance with a condition of the permit has occurred which could endanger human health, public drinking water supplies, or the environment, the permittee shall, within 24 hours of the discovery of the noncompliance, orally notify the commissioner. Within five (5) days of the discovery of the noncompliance, the permittee shall submit to the commissioner a written description of the noncompliance; the cause of the noncompliance; the exact dates of the period of the noncompliance; if the noncompliance has not been corrected, the anticipated time it is expected to continue; and steps taken or planned to reduce, eliminate, and prevent recurrence of the noncompliance.

1.10.23 Reporting of Noncompliance

1.10.24 The permittee shall report noncompliance with the permit not reported in the Notification of Noncompliance subheading above by submitting the information listed in Notification of Noncompliance within 30 days of the discovery of the noncompliance.

1.10.25 Alterations

1.10.26 The permittee shall give advance notice to the commissioner as soon as possible of planned physical alterations or additions to the permitted facility or activity that may result in noncompliance with a Minnesota or federal pollution control statute or rule or condition of the permit.

DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT
TOTAL FACILITY

General Conditions

1.10.27 Transferability

1.10.28 The permit is not transferable to any person without the express written approval of the MPCA after compliance with the requirements of Minn. R. 7001.0190. A person to whom the permit has been transferred shall comply with the conditions of the permit.

1.10.29 Responsibility for Damage

1.10.30 The permit authorizes the permittee to perform the activities described in the permit under the conditions of the permit. In issuing the permit, the state and MPCA assume no responsibility for damage to persons, property, or the environment caused by the activities of the permittee in the conduct of its actions, including those activities authorized, directed, or undertaken under the permit. To the extent the state and MPCA may be liable for the activities of its employees, that liability is explicitly limited to that provided in the Tort Claims Act, Minn. Stat. 3.736.

1.10.31 Modifying or Revoking Permit

1.10.32 The commissioner may commence proceedings to modify or revoke this permit during its terms if cause exists under Minn. R. 7001.0170 to 7001.0180.

1.10.33 Severability

1.10.34 The provisions of this permit are severable. If any provision of this permit is held invalid, the remainder of this permit shall not be affected.

1.10.35 Extensions

1.10.36 The permittee may request an extension of the dates set forth in this permit including the submittal and monitoring dates. The request must include justification for requesting the extension of the date. Based on the justification, the commissioner may grant an extension.

1.10.37 Term of Permit

1.10.38 This permit is valid until the expiration date unless revoked or modified by the MPCA pursuant to Minn. R. 7001.0170 to 7001.0180. To allow for adequate MPCA review time and to avoid possible termination of the permit at the time the permit expires, an application for reissuance of the permit must be submitted no later than 180 calendar days before the expiration date of the permit.

1.10.39 Retention of Records

1.10.40 The permittee must maintain records of all groundwater monitoring data and groundwater surface elevations for the active life of the facility and each waste activity and, for disposal activities, for the postclosure care period. The permittee must also maintain an operating record in accordance with Minn. R. 7035.2575 until closure of each waste activity at the facility.

DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT DRAFT
TOTAL FACILITY

General Conditions

1.10.41 As-built Plans

1.10.42 The permittee may not start treatment, storage, or disposal of solid waste in a new solid waste management facility or in a modified portion of an existing solid waste management facility until the commissioner has received a letter and as-built plans signed by the owner or operator and by an engineer registered in Minnesota certifying that the facility or modified portion of the facility has been constructed in compliance with the conditions of the permit.

1.10.43 Construction Certification

1.10.44 The permittee may not start treatment, storage, or disposal of solid waste in a new solid waste management facility or in a modified portion of an existing solid waste management facility until the commissioner has inspected the new facility or modified portion of the facility and has provided the owner or operator with a letter stating that the certification submitted is complete and approved.

1.10.45 Financial Assurance

1.10.46 The permittee may not start treatment, storage, or disposal of solid waste in a new solid waste management facility or in a modified portion of an existing solid waste management facility until the commissioner has approved the financial assurance amount and instrument to be used for the facility in accordance with Minn. R. 7035.2665 to 7035.2805.
