

**MINNESOTA POLLUTION CONTROL AGENCY
WEB NOTICE ON DRAFT/PROPOSED
AIR EMISSION FACILITY PERMIT**

NOTICE IS HEREBY GIVEN, that the Commissioner of the Minnesota Pollution Control Agency (MPCA) proposes to issue Air Emission Permit No. 03500002-005, to Wausau Paper Mills LLC for their facility located at 1801 Mill Avenue Northeast, Brainerd, Crow Wing County, Minnesota.

The permit action is for modification and operation of the facility. The permit action is the reissuance of the Part 70 Operating Permit; therefore, the draft/proposed permit has been placed on public notice. The MPCA is seeking the U.S. Environmental Protection Agency's (EPA) concurrent review of this draft/proposed permit and the EPA 45-day review period will begin with the 30-day public review period.

This permit reissuance incorporates three amendments that the Facility applied for but have not yet been incorporated into the Facility's permit and a notification submitted by the Facility. This includes an administrative amendment to change the name of the facility to Wausau Paper Mills, LLC, two minor amendments for upgrades to Paper Machine 7 (EU015) and a notification to install and convert equipment that qualifies as insignificant activities. The minor amendments increase the VOC PTE emissions at the facility and also increase the actual emissions of criteria pollutants due to the combustion of coal for increased steam generation. However, the maximum capacity of the boilers has not changed, so there is no change in the PTE of the boilers (GP001).

Due to the promulgation of the NESHAP for reciprocating internal combustion engines, a number of units previously listed as insignificant activities are now listed as emission units. The Facility has four emergency generators that are affected. This includes a telephone and pager system back-up generator that burns propane (EU016), a hydroplant back-up generator that burns gasoline (EU017), and two compression ignition fire pump engines that burn diesel fuel (EU018 and EU019). The compliance date for EU018 and EU019 is May 3, 2013 and the compliance date for EU016 and EU017 is October 19, 2013.

A summary of the Potential to Emit (PTE) and Emissions Increase in tons per year is as follows:

Pollutant	PM	PM ₁₀	PM _{2.5}	SO ₂	NO _x	VOCs	CO	CO ₂ e	HAPs	Lead
Total Facility PTE	102	146	32.9	4210	526	51.2	254	303,300	175	0.02
Emissions Increase from modified emission units	0.44	1.17	1.17	4.33	2.56	3.47	2.83	641	0	0

PM = Particulate Matter

PM_{2.5} = PM smaller than 2.5 microns

NO_x = Nitrogen Oxides

CO = Carbon Monoxide

PM₁₀ = PM smaller than 10 microns

SO₂ = Sulfur Dioxide

VOCs = Volatile Organic Compounds

CO₂e = Carbon Dioxide Equivalents as defined in Minn. R. 7007.0100

HAP = Hazardous Air Pollutant

The Permittee has submitted a pollution prevention progress report pursuant to Minn. Stat. § 115D.08.

The preliminary determination to issue the air emission permit is tentative. There are four formal procedures for public participation in the MPCA's consideration of the permit application. Interested persons may (1) submit written comments on the draft/proposed permit; (2) request that the MPCA hold a public information meeting; (3) request the MPCA hold a contested case hearing; and/or (4) submit a petition to the Commissioner requesting that the MPCA Citizens' Board (Board) consider the permit matter.

The decision whether to issue the permit and, if so, under what terms, will be presented to the Board for decision if: (1) the Commissioner grants the petition requesting the matter be presented to the Board; (2) an Board member requests to hear the matter prior to the time the Commissioner makes a final decision on the permit; or (3) a request for a contested case hearing is pending. Otherwise, the Commissioner will make the decision.

Persons who submit comments or petitions to the MPCA must state (1) their interest in the permit application or the draft permit; (2) the action they wish the MPCA to take, including specific references to the section of the draft permit they believe should be changed; and (3) the reasons supporting their position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

As described in Minn. R. 7000.1800, persons who submit requests for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900. Most public libraries throughout the state have copies of the current Minnesota Rules. They are also available on the Internet at www.revisor.leg.state.mn.us.

The public comment period commences June 27, 2012, and terminates July 26, 2012. Comments must be received in writing at the MPCA by 4:30 p.m. on July 26, 2012. Evidence of timely receipt includes a date/time stamp imprinted on the first page of the written comments by the first floor information and reception area of the MPCA or by the Industrial Division support staff, or receipt by fax.

Comments, requests, and petitions should be sent to:

Cindy Schafer, Air Quality Permits Section
Industrial Division, Minnesota Pollution Control Agency
520 Lafayette Road North, St. Paul, Minnesota 55155
651-757-2843 – Voice, 651-296-8717 – Fax

A copy of the draft/proposed permit will available on the MPCA's website at <http://www.pca.state.mn.us/news/data/index.cfm?PN=1>, or will also be mailed to any interested person upon the MPCA's receipt of a written request. Additional materials relating to the issuance of this permit are available for inspection by appointment at the Minnesota Pollution Control Agency, 520 Lafayette Road North, St. Paul, Minnesota 55155, phone (651) 757-2843, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. All MPCA offices may be reached by calling 1-800-657-3864.

DATED: June 14, 2012
