

**MINNESOTA POLLUTION CONTROL AGENCY
NOTICE ON DRAFT
AIR EMISSION FACILITY PERMIT**

NOTICE IS HEREBY GIVEN, that the Commissioner of the Minnesota Pollution Control Agency (MPCA) proposes to issue Air Emission Permit No. 13900120-002, to Great Plains Sand LLC for their facility located at 15566 Johnson Memorial Drive, Shakopee, Scott County, Minnesota.

This permit action is for a Federally Enforceable State Operating Permit that authorizes construction and operation; therefore, the draft permit has been placed on public notice. The facility is submitting this permitting action to request a Federally Enforceable State Operating Permit for the construction and operation of a facility to produce silica sand that can be used in hydraulic fracturing sand (frac sand) for use in the oil and gas industry.

A summary of the Potential to Emit (PTE) in tons per year is as follows:

	PM tpy	PM ₁₀ tpy	PM _{2.5} tpy	SO ₂ tpy	NO _x Tpy	CO tpy	CO _{2e} tpy	VOC tpy	Single HAP Tpy	All HAPs tpy
Total Facility Limited Potential Emissions	134.9	89.2	69.4	0.5	26.3	28.2	21,527.4	2.52	0.28	0.31

PM = Particulate Matter

PM_{2.5} = PM smaller than 2.5 microns

NO_x = Nitrogen Oxides

CO = Carbon Monoxide

PM₁₀ = PM smaller than 10 microns

SO₂ = Sulfur Dioxide

VOCs = Volatile Organic Compounds

CO_{2e} = Carbon Dioxide Equivalents as defined in Minn. R. 7007.0100

HAP = Hazardous Air Pollutant

The Permittee is not required to submit a pollution prevention progress report pursuant to Minn. Stat. § 115D.08.

The preliminary determination to issue the air emission permit is tentative. There are four formal procedures for public participation in the MPCA's consideration of the permit application. Interested persons may (1) submit written comments on the draft permit; (2) request that the MPCA hold a public information meeting; (3) request the MPCA hold a contested case hearing; and/or (4) submit a petition to the Commissioner requesting that the MPCA Citizens' Board (Board) consider the permit matter.

The decision whether to issue the permit and, if so, under what terms, will be presented to the Board for decision if: (1) the Commissioner grants the petition requesting the matter be presented to the Board; (2) an Board member requests to hear the matter prior to the time the Commissioner makes a final decision on the permit; or (3) a request for a contested case hearing is pending. Otherwise, the Commissioner will make the decision.

Persons who submit comments or petitions to the MPCA must state (1) their interest in the permit application or the draft permit; (2) the action they wish the MPCA to take, including specific references to the section of the draft permit they believe should be changed; and (3) the reasons supporting their position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position. As described in Minn. R. 7000.1800, persons who submit requests for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or

resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900. Most public libraries throughout the state have copies of the current Minnesota Rules. They are also available on the Internet at www.revisor.leg.state.mn.us.

The public comment period commences July 27, 2012, and terminates August 27, 2012. Comments must be received in writing at the MPCA by 4:30 p.m. on August 27, 2012. Evidence of timely receipt includes a date/time stamp imprinted on the first page of the written comments by the first floor information and reception area of the MPCA or by the Industrial Division support staff, or receipt by fax.

The MPCA will hold a public information meeting to provide information and answer questions about the proposed facility and the draft air emissions permit. This meeting will be held from 6:30 p.m. to 8:30 p.m. on Thursday, August 2, 2012, in the Scott County Conference Center, 205 4th Avenue West, Shakopee, Minnesota. The meeting will consist of an open house for informal discussion starting at 6:30 p.m., followed by a formal presentation beginning at 7:15 p.m., and time for additional questions and answers.

Comments, requests, and petitions should be sent to:

Steve Gorg, M.S., P.E., Air Quality Permits Section
Industrial Division, Minnesota Pollution Control Agency
520 Lafayette Road North, St. Paul, Minnesota 55155
651-296-8717 – Fax; steven.gorg@state.mn.us - Email

A copy of the draft/proposed permit will be available on the MPCA's website at <http://www.pca.state.mn.us/news/data/index.cfm?PN=1>, or will also be mailed to any interested person upon the MPCA's receipt of a written request. Additional materials relating to the issuance of this permit are available for inspection by appointment at the Minnesota Pollution Control Agency, 520 Lafayette Road North, St. Paul, Minnesota 55155, phone 651-757-2802, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. All MPCA offices may be reached by calling 1-800-657-3864.

DATED: July 19, 2012

Don Smith, P.E., Manager
Air Quality Permits Section
Industrial Division
