

- K. Any other document or evidence to show compliance with any other law or rule which the agency is required to follow in adopting these rules. These are:
- K.1. The Certificate of Consulting with the Commissioner of Minnesota Management and Budget per *Minnesota Statutes*, section 14.131 (with correspondence).
 - K.2. The Certificate of Sending the Rules and the SONAR to the Commissioner of the Minnesota Department of Agriculture per *Minnesota Statutes*, section 14.111 (with correspondence).
 - K.3. The letter from the MPCA dated November 3, 2022, to Administrative Law Judge Suzanne Todnem with a request to schedule a rule hearing, and request for review and approval of the Notice of Hearing and the Additional Notice Plan.
 - K.4. The letter from the MPCA dated November 16, 2022, to Administrative Law Judge Suzanne Todnem requesting to re-schedule a rule hearing.
 - K.5. The Order on Request for Review and Approval from Administrative Law Judge Suzanne Todnem dated November 17, 2022, approving the Additional Notice Plan and conditional approval of the Notice of Hearing with the change identified by Judge Todnem in the Order.
 - K.6. The Certificate of Sending the Notice of Hearing and the SONAR to Legislators and to the Legislative Coordinating Commission per *Minnesota Statutes*, section 14.116 (with correspondence).
 - K.7. The Certificate of Giving Notice in Compliance with *Minnesota Statutes*, section 115.44, subdivision 7 (required notice to municipalities).
 - K.8. The GovDelivery bulletin sent by the MPCA to subscribers of the GovDelivery topic “Rulemaking: 2021-2022 Use class changes – Class 2” dated January 10, 2023, regarding the posting of requested information about permitted municipal wastewater facilities (as referenced in Section 8 of the Statement of Need and Reasonableness for the rule) on the rulemaking website.

Minnesota Pollution Control Agency

CERTIFICATE OF CONSULTING WITH COMMISSIONER OF MANAGEMENT AND BUDGET IN COMPLIANCE WITH MINNESOTA STATUTES, SECTION 14.131

Proposed Amendments to Rules of the Minnesota Pollution Control Agency Governing Water Quality Standards – Class 2 Use Designations, *Minnesota Rules*, Chapter 7050 Waters of the State, Revisor’s ID Number 4692

I certify that on September 28, 2022, at the Minnesota Pollution Control Agency, St. Paul, Minnesota, I:

1) Consulted with the Commissioner of Minnesota Management and Budget in compliance with *Minnesota Statutes*, section 14.131, by sending a letter addressed to Sean Fahnhorst, Executive Budget Officer, Minnesota Management and Budget with these enclosures:

- The July 8, 2022, Revisor’s draft of the proposed rule.
- The signed Statement of Need and Reasonableness (SONAR) dated September 26, 2022.
- Summary Table of the Class 2 Proposed Use Designations.
- The Governor’s Office Proposed Rule and SONAR Form.

A copy of the letter sent to Sean Fahnhorst, September 28, 2022, is attached to this Certificate.

2) Sent the letter via email to Sean Fahnhorst, with an electronic copy of these documents. A copy of the email, with the response from Minnesota Management and Budget are attached to this Certificate.

Hello Sean,

RE: Fiscal Analysis Associated with the Minnesota Pollution Control Agency's Proposed Amendments to Rules Governing Water Quality Standards – Class 2 Use Designations; Minn. R. ch. 7050; Revisor's ID Number R-4692

Please find attached a copy of the above referenced proposed rules and supporting Statement of need and Reasonableness (SONAR), the Governor's Office form, and a cover letter notifying MMB about the proposed rules. These documents are being submitted to you in accordance with Minnesota Statutes, section 14.131, which requires that an agency engaged in rulemaking consult with the Commissioner of Minnesota Management and Budget, "to help evaluate the fiscal impact and fiscal benefits of the proposed rule on units of local government."

Copies of these same documents were emailed to the Governor's Office today September 28, 2022. When the Governor's Office has approved the rules for publication, they will be published for public comment in the *State Register*.

Also attached is a Summary Table of the Class 2 Proposed Use Designations. I thought it would be helpful to include this summary with this email because the part 7050.0470 rule amendments only identify the month/year we expect to adopt the proposed amendments. The stream use designations are identified in the tables that are incorporated by reference in 7050.0470.

Last, the webpage for this rulemaking at <https://www.pca.state.mn.us/water/2021-amendments-water-quality-standards-use-classification-2> provides information about the rules and updates to the Class 2 use designations.

Let me know if you have any questions about the proposed rules.

Regards,

Mary

Mary H. Lynn

RE: Fiscal Analysis Associated with the Minnesota Pollution Control Agency's (MPCA) Proposed Amendments to Rules Governing Water Quality Standards – Class 2 Use Designations; Minn. R. ch. 7050; Revisor's ID Number R-4692

Dear Mr. Fahnhorst:

The enclosed proposed rules and supporting Statement of Need and Reasonableness (SONAR) are being submitted to you in accordance with Minn. Stat. § 14.131, which requires that an agency engaged in rulemaking consult with the Commissioner of Minnesota Management and Budget (MMB) "to help evaluate the fiscal impact and fiscal benefits of the proposed rule on units of local government."

Also enclosed is the Governor's Office proposed rule and SONAR form. Providing the proposed rules and SONAR at the same time the MPCA provides these documents to the Governor's Office allows for MMB review of the fiscal impacts and fiscal benefits of a proposed rule concurrent with the required Governor's Office review. When the Governor's Office has approved the rules for publication, the proposed rules will be published for public comment in the *State Register* along with a Notice of Hearing. We are planning to publish the Notice of Hearing and proposed rules in November 2022.

The overall purpose of the rules is to update use designations for some state waters. The "designated use" is a component of water quality standards that defines how the water is used; standards are then set for levels of pollution that protect that designated use (drinking water, aquatic life, etc.). The designated use is important to establish appropriate goals for each water body's restoration and protection. The proposed rules updates the list of waters designated for Class 2 uses (Aquatic Life).

If you or any of your staff have questions about the proposed rule amendments or the SONAR, please contact me at 651-757-2439 or mary.lynn@state.mn.us.

Sincerely,

A handwritten signature in black ink that reads 'Mary H. Lynn'. The signature is written in a cursive style and is positioned over a light gray rectangular background.

Office Memorandum

Date: October 17, 2022

To: Mary Lynn, Minnesota Pollution Control Agency

From: Sean Fahnhorst, Minnesota Management and Budget

CC: Casey Mock, Minnesota Management and Budget

RE: M.S. 14.131 Review of Proposed Air Quality Housekeeping Rules

The Minnesota Pollution Control Agency (MPCA) proposes to amend Minn. R. ch. 7050 relating to rules governing water quality standards. Pursuant to M.S. 14.131, MPCA has consulted with the Commissioner of Minnesota Management and Budget (MMB) to help evaluate the fiscal impact of the proposed rule changes on local units of government.

Evaluation

On behalf of the Commissioner of MMB, I reviewed the proposed rule changes and the related Statement of Need and Reasonableness and consulted with agency staff to determine the local fiscal impact of the changes as proposed.

The proposed changes will provide some fiscal benefits to local units of government. Counties, cities, and other local governments could benefit from the proposed rule through increased property and sales tax revenues, increased tourism dollars, added jobs, lower water treatment costs, and other benefits related to improved water quality. The proposed use designations will result in more accurate water quality assessments. Local, regional, and state water and watershed managers use water quality assessments in water planning and management activities.

There are no identified costs to local governments. Overall, it is unlikely that a local government entity will be required to adopt or amend any ordinances or other regulation as a result of this rule revision. The designation of coldwater habitats and Exceptional Use streams may result in the requirement that MS4 permittees develop, implement, and enforce a regulatory mechanism (e.g., city ordinance) which construction activities must follow. However, this would only be required if a regulatory mechanism is not already in place. For example, in many cases, MS4 permits adjacent to or upstream of proposed coldwater habitats are already in close proximity to existing coldwater habitats. This is because most of the proposed coldwater habitats are in the southeast and northeast portions of the state, which are both areas with a relatively high density of existing coldwater habitats. As a result, these permittees have likely already adopted ordinances that address protection of these habitats.

Minnesota Pollution Control Agency

CERTIFICATE OF SENDING THE RULES AND THE STATEMENT OF NEED AND REASONABLENESS TO THE COMMISSIONER OF MINNESOTA DEPARTMENT OF AGRICULTURE

Proposed Amendments to Rules of the Minnesota Pollution Control Agency Governing Water Quality Standards – Class 2 Use Designations, *Minnesota Rules*, Chapter 7050 Waters of the State, Revisor’s ID Number 4692

I certify that on September 28, 2022, at the Minnesota Pollution Control Agency, St. Paul, Minnesota, I:

1) Sent a letter addressed to Commissioner Thom Petersen of the Minnesota Department of Agriculture with these enclosures:

- The July 8, 2022, Revisor’s draft of the proposed rule.
- The signed statement of need and reasonableness (SONAR) dated September 26, 2022.

A copy of the letter sent to Commissioner Peterson dated September 28, 2022, is attached to this Certificate.

- Summary Table of the Class 2 Proposed Use Designations.

2) Sent the letter via email to Commissioner Petersen, and the person listed as “cc” on the letter with an electronic copy of these documents. A copy of the email is attached to this Certificate.

RE: Fiscal Analysis Associated with the Minnesota Pollution Control Agency's (MPCA) Proposed Amendments to Rules Governing Water Quality Standards – Class 2 Use Designations; Minn. R. ch. 7050; Revisor's ID Number R-4692

Dear Commissioner Petersen:

Minnesota Statutes, section 14.111 requires that before an agency adopts or repeals rules that affect farming operations, the agency must provide a copy of the proposed rule changes to the Commissioner of the Minnesota Department of Agriculture (MDA), no later than 30 days prior to publication of the proposed rule amendments in the *State Register*, if the rules affect farming operations. The MPCA does not believe these proposed rules will directly affect agricultural land or farming operations. However, because the proposed rules include designated uses for some agricultural ditches and because some of the designated uses are in areas with high agricultural activity, the MPCA is sending you the enclosed proposed rules and supporting Statement of Need and Reasonableness (SONAR).

Copies of these same documents have been delivered to the Governor's Office. When the Governor's Office has approved the rules for publication, the proposed rules will be published for public comment in the *State Register* along with a Notice of Hearing. We are planning to publish the Notice of Hearing and proposed rules in November 2022.

The overall purpose of the rules is to update use designations for some state waters. The "designated use" is a component of water quality standards that defines how the water is used; standards are then set for levels of pollution that protect that designated use (drinking water, aquatic life, etc.). The designated use is important to establish appropriate goals for each water body's restoration and protection. The proposed rules updates the list of waters designated for Class 2 uses (Aquatic Life).

If you or any of your staff have questions about the proposed rule amendments or the SONAR, please contact me at 651-757-2439 or mary.lynn@state.mn.us.

Sincerely,

A handwritten signature in black ink that reads 'Mary H. Lynn'. The signature is written in a cursive style and is positioned above a grey rectangular box.

November 3, 2022

The Honorable Judge Suzanne Todnem
Administrative Law Judge
Office of Administrative Hearings
600 North Robert Street
P.O. Box 64620
Saint Paul, Minnesota 55164-0620

RE: In the Matter of the Proposed Amendments to Rules of the Minnesota Pollution Control Agency Governing Water Quality Standards – Class 2 Use Designations; Minnesota Rules chapter 7050; Request to Schedule a Rules Hearing; and Request for Review and Approval of the Notice of Hearing and the Additional Notice Plan; OAH Docket No. 23-9003-37415; Revisor’s ID Number R-04692

Dear Judge Todnem:

The Minnesota Pollution Control Agency (MPCA) requests that you please schedule a rule hearing under Minnesota Statutes, sections 14.131 to 14.20. The hearing is for the MPCA’s proposed rule amendments related to the water quality standards Class 2 (Aquatic Life) beneficial use designations or classifications for streams. We request that the hearing be conducted on **Thursday, January 26, 2023**, beginning at 2:00 p.m. by WebEx according to the Office of Administrative Hearings’ guidelines for virtual hearings.

The MPCA also requests that you approve our Notice of Hearing which is enclosed with the following documents, as required by Minnesota Rules, part 1400.2080, subpart 5:

1. The draft Notice of Hearing.
2. A copy of the proposed rules, with a certificate of approval as to form by the Revisor of Statutes attached.
3. A copy of the signed Statement of Need and Reasonableness (SONAR) containing our Additional Notice Plan.

Last, the MPCA requests that you approve our Additional Notice Plan. Minnesota Rules, part 1400.2060, subpart 2, item B, requires an explanation of why we believe our Additional Notice Plan complies with Minnesota Statutes, section 14.22, that is, why our Additional Notice Plan constitutes reasonable efforts to notify persons or classes of persons who might be significantly affected by the rules. Our Additional Notice Plan, described in the SONAR in Section 7, includes the following actions:

1. **Development of a rule-specific mailing list.** The MPCA’s efforts described in the SONAR in Section 3, Public Participation and Stakeholder Involvement, and in the Additional Notice Plan, identify the persons and organizations interested in the Class 2 Use Designation rules. This electronic mailing list has been compiled through notices and invitations to sign up for GovDelivery notices about this rulemaking and the MPCA believes it is an accurate and comprehensive list of the people who are interested in these rules.
2. **Targeted notification.** Separate from GovDelivery subscribers for this rulemaking, when the rules are proposed for public comment the MPCA intends to send notice electronically or by U.S. mail to:

Judge Todnem
Page 2
November 3, 2022

- The 12 federally recognized tribes in Minnesota, specifically the designated water tribal contact persons for Minnesota Tribal Nations.
- The two entities and one individual who submitted comments during the Request for Comment public comment period.
- The permittees adjacent to or upstream of the proposed use designation changes.
- The list of associations and environmental groups identified in the Additional Notice Plan, item 6. The MPCA believes that these associations and environmental groups may have specific interest in the proposed rules due to the nature of the interests they represent.

3. Notice at the time of publication. At the time the Notice of Hearing and proposed rules are published in the *State Register*, the MPCA intends to:

- Provide an extended comment period. The MPCA will provide an extended comment period on the proposed rule amendments. Extending the comment period beyond the 30-day minimum provides additional opportunity for potentially interested parties to review the proposed rule amendments and submit comments.
- Send electronic notice to all GovDelivery subscribers who have signed up to receive notices for this rulemaking.
- Send targeted notification to the groups as described above and in the Additional Notice Plan.
- Post the Notice of Hearing, proposed rule amendments, and SONAR on the MPCA's webpage specifically for this rulemaking at [Use designations for some stream reaches | Minnesota Pollution Control Agency \(state.mn.us\)](https://www.mn.gov/Use-designations-for-some-stream-reaches-Minnesota-Pollution-Control-Agency-state.mn.us).

The MPCA believes our Additional Notice Plan complies with Minnesota Statutes, section 14.22 because it represents public participation and stakeholder involvement in the rule process, and our efforts to reach potentially interested and affected parties. As described in the SONAR, the MPCA has used a variety of means including GovDelivery, email, a rule-specific webpage, and phone conversations to reach affected and interested parties to inform them of this rulemaking.

Please call me at 651-757-2439 or email me at mary.lynn@state.mn.us if you have any questions.

Sincerely,

This document has been electronically signed.

RE: In the Matter of the Proposed Amendments to Rules of the Minnesota Pollution Control Agency Governing Water Quality Standards – Class 2 Use Designations; Minnesota Rules chapter 7050; Request to Re-schedule a Rules Hearing; OAH Docket No. 23-9003-37415; Revisor’s ID Number R-04692

Dear Judge Todnem:

The Minnesota Pollution Control Agency (MPCA) respectfully requests that you please reschedule the rule hearing date of January 26, 2023, as identified in the draft Notice of Hearing submitted to you on November 3, 2022, for approval. The hearing is for the MPCA’s proposed rule amendments referenced above related to the water quality standards Class 2 (Aquatic Life) beneficial use designations or classifications for streams. The Notice of Hearing was submitted with a copy of the proposed rules and a copy of the signed Statement of Need and Reasonableness containing our Additional Notice Plan, as required by Minnesota Rules, part 1400.2080, subpart 5.

The MPCA requests that the rescheduled hearing be conducted on **Thursday, February 16, 2023**, beginning at 2:00 p.m. The hearing will be conducted by WebEx according to the Office of Administrative Hearings’ guidelines for virtual hearings. Upon receiving confirmation of the rescheduled hearing date, the MPCA will revise the Notice of Hearing to reflect the change in the hearing date and update the WebEx login information. Please let me know if you would like to review the Notice of Hearing with the revisions.

Please call me at 651-757-2439 or email me at mary.lynn@state.mn.us if you have any questions.

Sincerely,

STATE OF MINNESOTA
OFFICE OF ADMINISTRATIVE HEARINGS

In the Matter of the Planned Ammendments
to Rules Governing Water Quality
Standards - Use Classification 2, Minnesota
Rules Chapter 7050

**ORDER ON REVIEW OF
ADDITIONAL NOTICE PLAN AND
NOTICE OF HEARING**

This matter came before Administrative Law Judge Suzanne Todnem upon the Minnesota Pollution Control Agency's (MPCA) request for a legal review under Minn. R. 1400.2060, .2080 (2021), of the Additional Notice Plan and Notice of Hearing in the above-captioned proceeding.

Under its Additional Notice Plan, MPCA plans to:

- Publish its Notice of Hearing on the MPCA's Public Notice webpage;
- Provide specific notice to the 12 federally-recognized tribes in Minnesota;
- Provide specific notice the EPA and Water Legacy;
- Provide specific notice to the individual whom submitted comments during the Request for Comments public comment period;
- Provide specific notice to permittees that are adjacent to or upstream of a proposed use designation change to a more stringent classification;
- Provide specific notice to associations and environmental groups listed in the Statement of Need and Reasonableness; and
- Post relevant rulemaking updates and associated documents including the proposed rule amendments and SONAR on the MPCA's Use Classification 2 Rule webpage.

Specific notice means notice will be sent electronically or by U.S. Mail. The MPCA also notes the extended comment period. While the extended comment period is appreciated, it is not additional notice.

Based upon a review of the written submissions by MPCA,

IT IS HEREBY ORDERED THAT:

1. The Additional Notice Plan as described in the SONAR is **APPROVED**.
2. The Notice of Hearing is **CONDITIONALLY APPROVED** contingent on MPCA deleting, "or until the end time of 4:30 p.m., whichever occurs first" in its notice.

Dated: November 17, 2022

SUZANNE TODNEM
Administrative Law Judge

MEMORANDUM

The Notice of Hearing approval is contingent on the required change because of the maximum possible length of the public hearing in the Notice of Hearing. The Notice of Hearing states a hearing start time of 2:00 p.m., to run until all parties present are heard, or until the hearing end time of 4:30 p.m., whichever occurs first. The Administrative Law Judge has concerns that this does not satisfy the Administrative Procedures Act (APA) requirements.

Pursuant to Minn. R. 1400.001 (2021), one of the purposes of the APA is to increase public participation in the formulation of administrative rules.¹ Public rule hearings, when required, are essential to that purpose. Because the MPCA has opted for a Notice of Hearing rather than one of the other alternatives, i.e., dual notice or notice of no hearing, the agency is obligated to offer a sufficient hearing comment opportunity. The Administrative Law Judge does not find two-and-a half hours for an agency presentation and public comment to be sufficient.

The MPCA is encouraged to set a hearing date and time that allows a minimum of two 90-minute segments or not prematurely restrict the time available for the public to comment.² One hearing may be sufficient if it offers adequate opportunity for all interested parties to participate. The hearing may adjourn before multiple 90-minute segments are utilized if there is no need for more time, but the agency must provide that minimum opportunity for the public to comment.

S. T.

¹ Minn. R. 1400.001(5).

² Pursuant to Minn. R. 1400.2080, subp. 5, the Administrative Law Judge has the authority to advise the agency as to when, where, and how many hearings should be held in order to allow for participation by all affected interests.

Minnesota Pollution Control Agency**CERTIFICATE OF SENDING THE NOTICE AND THE STATEMENT OF NEED AND REASONABLENESS TO LEGISLATORS AND THE LEGISLATIVE COORDINATING COMMISSION**

Proposed Amendments to Rules of the Minnesota Pollution Control Agency Governing Water Quality Standards – Class 2 Use Designations, *Minnesota Rules*, Chapter 7050 Waters of the State; Revisor's ID Number 4692

I certify that on December 12, 2022, when the Minnesota Pollution Control Agency mailed its Notice of Hearing under Minnesota Statutes, section 14.14, I sent a cover letter, copy of the Notice of Hearing, the proposed rule amendments, and the Statement of Need and Reasonableness to the chairs and ranking minority party members of the legislative policy and budget committees with jurisdiction over the subject matter of the proposed rules, and to the Legislative Coordinating Commission by sending an electronic copy of these documents via email. (NOTE: electronic notification was sent to Senator Patricia Torres Ray via the Minnesota State Senate online Mail Form.) I mailed these documents to comply with Minnesota Statutes, section 14.116. A copy of the email with the attached cover letter sent to the legislators and the Legislative Coordinating Commission is attached to this Certificate.

This document has been electronically signed.

RE: Minnesota Pollution Control Agency's (MPCA) Proposed Amendments to Rules Governing Water Quality Standards – Class 2 Use Designations; Minn. R. ch. 7050; Revisor's ID No. 4692

Dear Legislators:

The Minnesota Pollution Control Agency (MPCA) intends to adopt amendments to the state rules governing water quality standards – Class 2 (Aquatic Life) use designations. The proposed rules update the Class 2 use designations for some state waters. The “designated use” is a component of water quality standards that defines how the water is used; standards are then set for levels of pollution that protect that designated use (e.g. drinking water, aquatic life, recreation). The designated use is important to establish appropriate goals for each water body's restoration and protection.

Minn. Stat. § 14.116, states:

“14.116 NOTICE TO LEGISLATURE.

(b) When an agency mails notice of intent to adopt rules under section 14.14 or 14.22, the agency must send a copy of the same notice and a copy of the statement of need and reasonableness to the chairs and ranking minority party members of the legislative policy and budget committees with jurisdiction over the subject matter of the proposed rules and to the Legislative Coordinating Commission.

(c) In addition, if the mailing of the notice is within two years of the effective date of the law granting the agency authority to adopt the proposed rules, the agency shall make reasonable efforts to send a copy of the notice and the statement to all sitting legislators who were chief house and senate authors of the bill granting the rulemaking authority. If the bill was amended to include this rulemaking authority, the agency shall make reasonable efforts to send the notice and the statement to the chief house and senate authors of the amendment granting rulemaking authority, rather than to the chief authors of the bill.”

The MPCA plans to publish Notice of Hearing and the proposed rules in the December 12, 2022, *State Register*, and is now mailing the Notice of Hearing under Minn. Stat. § 14.14.

The MPCA is meeting the requirements of Minn. Stat. § 14.116 by sending you, via email, this letter with an electronic copy of the Notice of Hearing, the proposed rule amendments, and the Statement of Need and Reasonableness (SONAR). If you would like to receive a print copy of any of these documents, or if you have any questions about these rules, please contact me at 651-757-2439 or mary.lynn@state.mn.us.

Sincerely,

This document has been electronically signed.

Minnesota Pollution Control Agency**CERTIFICATE OF GIVING NOTICE IN COMPLIANCE WITH MINNESOTA STATUTES,
SECTION 115.44, SUBDIVISION 7**

Proposed Amendments to Rules of the Minnesota Pollution Control Agency Governing Water Quality Standards – Class 2 Use Designations, *Minnesota Rules*, Chapter 7050 Waters of the State; Revisor’s ID Number 4692

I certify that on December 12, 2022, (except as noted below), at least 33 days before the end of the comment period, at the Minnesota Pollution Control Agency (MPCA) in St. Paul, Minnesota, I gave notice according to Minn. Stat. § 115.44, subd. 7. Specifically, I:

- Sent notification to the list of townships from the Minnesota Association of Townships. I accomplished this by sending via U.S. mail on December 9, 2022, a copy of the Notice of Hearing to each township. A copy of the U.S. mail list of townships is attached to this Certificate.
- Sent notification to the list of cities from the League of Minnesota Cities. I accomplished this by sending electronic notification via email containing a hyperlink to the Notice of Hearing to each city. For those cities without an email address, I sent via U.S. mail on December 9, 2022, a copy of the Notice of Hearing. A copy of the emails and the U.S mail list of cities is attached to this Certificate.
- Sent notification to the list of counties from the Association of Minnesota Counties. I accomplished this by sending electronic notification via email containing a hyperlink to the Notice of Hearing to each county. A copy of the email and the list of counties is attached to this Certificate.
- Sent notification to the sanitary districts. I accomplished this by sending electronic notification via email containing a hyperlink to the Notice of Hearing. A copy of the email and the list of sanitary districts is attached to this Certificate.

A copy of the Notice of Hearing as published in the State Register is attached to this Certificate.

This document has been electronically signed.

Subject: FW: Notice of Intent to Adopt Rules - Water Quality Standards Class 2 Use Designations

City Administrator // Official:

The Minnesota Pollution Control Agency is proposing amendments to the state water quality standards that apply in Minnesota. Minnesota Statute section 115.44, subdivision 7 states:

“for rules authorized under this section, the notices required to be mailed under sections 14.14, subdivision 1a and 14.22 must also be mailed to the governing body of each municipality bordering or through which waters for which standards are sought to be adopted flow.”

Notice of Intent to Adopt Rules - Water Quality Standards Class 2 Use Designations

NOTICE OF HEARING

Proposed Amendments to Rules Governing Water Quality Standards - Use Classification 2,
Minnesota Rules, chapter 7050

The Minnesota Pollution Control Agency (MPCA) published the above notice in the December 12, 2022, [Minnesota State Register](#), and is requesting comment on the proposed amendments to rules governing water quality standards - Class 2 Use Designations. The notice and rule related documents are available by visiting the MPCA's [Class 2 Use Designation rulemaking website](#). The public comment period for the Notice of Hearing closes at **4:30 p.m. on Friday, February 3, 2023**.

The purpose of the rules is to update use designations for some state waters. The "designated use" is a component of water quality standards that defines how the water is used (e.g., drinking water, aquatic life, recreation). These amendments make updates and corrections to Class 2 (Aquatic Life) use designations or classifications for 232 stream reaches. The proposed changes to update these use designation tables, and a summary table of the Class 2 proposed use class changes for these stream reaches is available on the [Class 2 Use Designation rulemaking website](#).

You will have multiple opportunities to submit comments. This notice provides you the opportunity to submit your written comments on this rule during the public comment period for this notice. The administrative law judge will also accept your comments orally at the **hearing on February 16, 2023**, and in writing after the hearing and before the hearing record closes.

Information about this and other MPCA rulemaking projects is available at the [public rulemaking docket](#).

The mission of the MPCA is to protect and improve the environment and human health.

Subject: FW: Notice of Intent to Adopt Rules - Water Quality Standards Class 2 Use Designations

City Administrator // Official:

The Minnesota Pollution Control Agency is proposing amendments to the state water quality standards that apply in Minnesota. Minnesota Statute section 115.44, subdivision 7 states:

“for rules authorized under this section, the notices required to be mailed under sections 14.14, subdivision 1a and 14.22 must also be mailed to the governing body of each municipality bordering or through which waters for which standards are sought to be adopted flow.”

Notice of Intent to Adopt Rules - Water Quality Standards Class 2 Use Designations

NOTICE OF HEARING

Proposed Amendments to Rules Governing Water Quality Standards - Use Classification 2,
Minnesota Rules, chapter 7050

The Minnesota Pollution Control Agency (MPCA) published the above notice in the December 12, 2022, [Minnesota State Register](#), and is requesting comment on the proposed amendments to rules governing water quality standards - Class 2 Use Designations. The notice and rule related documents are available by visiting the MPCA's [Class 2 Use Designation rulemaking website](#). The public comment period for the Notice of Hearing closes at **4:30 p.m. on Friday, February 3, 2023**.

The purpose of the rules is to update use designations for some state waters. The "designated use" is a component of water quality standards that defines how the water is used (e.g., drinking water, aquatic life, recreation). These amendments make updates and corrections to Class 2 (Aquatic Life) use designations or classifications for 232 stream reaches. The proposed changes to update these use designation tables, and a summary table of the Class 2 proposed use class changes for these stream reaches is available on the [Class 2 Use Designation rulemaking website](#).

You will have multiple opportunities to submit comments. This notice provides you the opportunity to submit your written comments on this rule during the public comment period for this notice. The administrative law judge will also accept your comments orally at the **hearing on February 16, 2023**, and in writing after the hearing and before the hearing record closes.

Information about this and other MPCA rulemaking projects is available at the [public rulemaking docket](#).

The mission of the MPCA is to protect and improve the environment and human health.

Subject: FW: Notice of Intent to Adopt Rules - Water Quality Standards Class 2 Use Designations

City Administrator // Official:

The Minnesota Pollution Control Agency is proposing amendments to the state water quality standards that apply in Minnesota. Minnesota Statute section 115.44, subdivision 7 states:

“for rules authorized under this section, the notices required to be mailed under sections 14.14, subdivision 1a and 14.22 must also be mailed to the governing body of each municipality bordering or through which waters for which standards are sought to be adopted flow.”

Notice of Intent to Adopt Rules - Water Quality Standards Class 2 Use Designations

NOTICE OF HEARING

Proposed Amendments to Rules Governing Water Quality Standards - Use Classification 2, *Minnesota Rules*, chapter 7050

The Minnesota Pollution Control Agency (MPCA) published the above notice in the December 12, 2022, [Minnesota State Register](#), and is requesting comment on the proposed amendments to rules governing water quality standards - Class 2 Use Designations. The notice and rule related documents are available by visiting the MPCA's [Class 2 Use Designation rulemaking website](#). The public comment period for the Notice of Hearing closes at **4:30 p.m. on Friday, February 3, 2023**.

The purpose of the rules is to update use designations for some state waters. The "designated use" is a component of water quality standards that defines how the water is used (e.g., drinking water, aquatic life, recreation). These amendments make updates and corrections to Class 2 (Aquatic Life) use designations or classifications for 232 stream reaches. The proposed changes to update these use designation tables, and a summary table of the Class 2 proposed use class changes for these stream reaches is available on the [Class 2 Use Designation rulemaking website](#).

You will have multiple opportunities to submit comments. This notice provides you the opportunity to submit your written comments on this rule during the public comment period for this notice. The administrative law judge will also accept your comments orally at the **hearing on February 16, 2023**, and in writing after the hearing and before the hearing record closes.

Information about this and other MPCA rulemaking projects is available at the [public rulemaking docket](#).

The mission of the MPCA is to protect and improve the environment and human health.

Notice of Intent to Adopt Rules - Water Quality Standards Class 2 Use Designations

NOTICE OF HEARING

Proposed Amendments to Rules Governing Water Quality Standards - Use Classification 2,
Minnesota Rules, chapter 7050

The Minnesota Pollution Control Agency (MPCA) published the above notice in the December 12, 2022, [Minnesota State Register](#), and is requesting comment on the proposed amendments to rules governing water quality standards - Class 2 Use Designations. The notice and rule related documents are available by visiting the MPCA's [Class 2 Use Designation rulemaking website](#). The public comment period for the Notice of Hearing closes at **4:30 p.m. on Friday, February 3, 2023**.

The purpose of the rules is to update use designations for some state waters. The "designated use" is a component of water quality standards that defines how the water is used (e.g., drinking water, aquatic life, recreation). These amendments make updates and corrections to Class 2 (Aquatic Life) use designations or classifications for 232 stream reaches. The proposed changes to update these use designation tables, and a summary table of the Class 2 proposed use class changes for these stream reaches is available on the [Class 2 Use Designation rulemaking website](#).

You will have multiple opportunities to submit comments. This notice provides you the opportunity to submit your written comments on this rule during the public comment period for this notice. The administrative law judge will also accept your comments orally at the **hearing on February 16, 2023**, and in writing after the hearing and before the hearing record closes.

Information about this and other MPCA rulemaking projects is available at the [public rulemaking docket](#).

The mission of the MPCA is to protect and improve the environment and human health.

NOTICE OF HEARING

Proposed Amendments to Rules Governing Water Quality Standards - Use Classification 2, *Minnesota Rules*, chapter 7050

The Minnesota Pollution Control Agency (MPCA) published the above notice in the December 12, 2022, [Minnesota State Register](#), and is requesting comment on the proposed amendments to rules governing water quality standards - Class 2 Use Designations. The notice and rule related documents are available by visiting the MPCA's [Class 2 Use Designation rulemaking website](#). The public comment period for the Notice of Hearing closes at **4:30 p.m. on Friday, February 3, 2023**.

The purpose of the rules is to update use designations for some state waters. The "designated use" is a component of water quality standards that defines how the water is used (e.g., drinking water, aquatic life, recreation). These amendments make updates and corrections to Class 2 (Aquatic Life) use designations or classifications for 232 stream reaches. The proposed changes to update these use designation tables, and a summary table of the Class 2 proposed use class changes for these stream reaches is available on the [Class 2 Use Designation rulemaking website](#).

You will have multiple opportunities to submit comments. This notice provides you the opportunity to submit your written comments on this rule during the public comment period for this notice. The administrative law judge will also accept your comments orally at the **hearing on February 16, 2023**, and in writing after the hearing and before the hearing record closes.

Information about this and other MPCA rulemaking projects is available at the [public rulemaking docket](#).

The mission of the MPCA is to protect and improve the environment and human health.

Minnesota Rules: Amendments and Additions

NOTICE: How to Follow State Agency Rulemaking in the State Register

The State Register is the official source, and only complete listing, for all state agency rulemaking in its various stages. State agencies are required to publish notice of their rulemaking action in the State Register. Published every Monday, the State Register makes it easy to follow and participate in the important rulemaking process. Approximately 80 state agencies have the authority to issue rules. Each agency is assigned specific Minnesota Rule chapter numbers. Every odd-numbered year the Minnesota Rules are published. Supplements are published to update this set of rules. Generally speaking, proposed and adopted exempt rules do not appear in this set because of their short-term nature, but are published in the State Register.

An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (Minnesota Statutes §§ 14.101). It does this by publishing a notice in the State Register at least 60 days before publication of a notice to adopt or a notice of hearing, or within 60 days of the effective date of any new statutory grant of required rulemaking.

When rules are first drafted, state agencies publish them as Proposed Rules, along with a notice of hearing, or a notice of intent to adopt rules without a hearing in the case of noncontroversial rules. This notice asks for comment on the rules as proposed. Proposed emergency rules, and withdrawn proposed rules, are also published in the State Register. After proposed rules have gone through the comment period, and have been rewritten into their final form, they again appear in the State Register as Adopted Rules. These final adopted rules are not printed in their entirety, but only the changes made since their publication as Proposed Rules. To see the full rule, as adopted and in effect, a person simply needs two issues of the State Register, the issue the rule appeared in as proposed, and later as adopted.

The State Register features partial and cumulative listings of rules in this section on the following schedule: issues #1-26 inclusive (issue #26 cumulative for issues #1-26); issues #27-52 inclusive (issue #52, cumulative for issues #27-52 or #53 in some years). A subject matter index is updated weekly and is available upon request from the editor. For copies or subscriptions to the State Register, contact the editor at 651-201-3204 or email at sean.plemmons@state.mn.us

Proposed Rules

Comments on Planned Rules or Rule Amendments. An agency must first solicit Comments on Planned Rules or Comments on Planned Rule Amendments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency (*Minnesota Statutes* §§ 14.101). It does this by publishing a notice in the *State Register* at least 60 days before publication of a notice to adopt or a notice of hearing, and within 60 days of the effective date of any new statutory grant of required rulemaking.

Rules to be Adopted After a Hearing. After receiving comments and deciding to hold a public hearing on the rule, an agency drafts its rule. It then publishes its rules with a notice of hearing. All persons wishing to make a statement must register at the hearing. Anyone who wishes to submit written comments may do so at the hearing, or within five working days of the close of the hearing. Administrative law judges may, during the hearing, extend the period for receiving comments up to 20 calendar days. For five business days after the submission period the agency and interested persons may respond to any new information submitted during the written submission period and the record then is closed. The administrative law judge prepares a report within 30 days, stating findings of fact, conclusions and recommendations. After receiving the report, the agency decides whether to adopt, withdraw or modify the proposed rule based on consideration of the comments made during the rule hearing procedure and the report of the administrative law judge. The agency must wait five days after receiving the report before taking any action.

Rules to be Adopted Without a Hearing. Pursuant to *Minnesota Statutes* § 14.22, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing. An agency must first solicit **Comments on Planned Rules** or **Comments on Planned Rule Amendments** from the public. The agency then publishes a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. If, during the 30-day comment period, 25 or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of §§ 14.1414.20, which state that if an agency decides to hold a public hearing, it must publish a notice of intent in the *State Register*.

KEY: Proposed Rules - Underlining indicates additions to existing rule language. ~~Strikeouts~~ indicate deletions from existing rule language. If a proposed rule is totally new, it is designated “all new material.” **Adopted Rules** - Underlining indicates additions to proposed rule language. ~~Strikeout~~ indicates deletions from proposed rule language.

Minnesota Pollution Control Agency

Environmental Analysis and Outcomes Division

Proposed Permanent Rules Relating to Class 2 Waters Beneficial Use Designations; Notice of Hearing

Proposed Amendments to Rules Governing Water Quality Standards – Use Classification 2, *Minnesota Rules*, chapter 7050; Revisor’s ID Number R-04692, OAH docket number 23-9003-37415

Overview. This notice is the Minnesota Pollution Control Agency’s (MPCA) legal notice of its intent to adopt amended water rules following a hearing. The purpose of these rules, known as the 2021-2022 Class 2 Use Designation Rule, is to update designated uses for some state waters to improve their restoration and protection. Assigning the appropriate beneficial use is an important first step in the process to assure the goals for each water body are attainable and can be protected.

This notice provides you the opportunity to submit your comments on this rule to the Administrative Law Judge (ALJ) **during the public comment period for this notice which ends at 4:30 p.m. on Friday, February 3, 2023**, orally at the hearing, and in writing after the hearing before the close of the hearing record. The **Subject of Rules** section provides further description of these proposed rules. If the proposed rules affect you in any way, the MPCA encourages you to participate in the rulemaking process.

Public Hearing. The MPCA intends to adopt rules after a public hearing following the procedures in the rules of

Proposed Rules

the Office of Administrative Hearings (OAH), *Minnesota Rules* parts 1400.2200 to 1400.2240, and the Administrative Procedure Act, *Minnesota Statutes*, sections 14.131 to 14.20. The MPCA will hold a virtual public hearing on the above-named rules, with the login and call-in information listed below. The hearing will be held on **Thursday, February 16, 2023, starting at 2:00 p.m.** The hearing continues until all parties present are heard. At the beginning of the hearing, the ALJ will give a presentation on the rulemaking process and the MPCA will give a presentation on the proposed rule amendments. Combined, these presentations are expected to take up to one hour, before the ALJ begins taking oral comment at the hearing.

For video and audio connection to the virtual hearing, join through an internet connection, such as with a computer or tablet:

Enter: **Webex Meeting Link**
 Meeting number: 2496 793 9480
 Meeting password: XGmgAYFJ522

For audio connection, join the hearing by phone:

Call: 1-415-655-0003 (US Toll)
 Access code: 2496 793 9480

Additional information regarding the hearings and the rules being proposed is provided at <https://www.pca.state.mn.us/get-engaged/use-designations-for-some-stream-reaches>. Hearing exhibits will also be posted to this website before the hearing.

All interested or affected persons will have an opportunity to participate by submitting either oral or written data, statements, or arguments. You may submit a statement without appearing at the hearing. Refer to the **Comments** section for information on submitting statements.

Administrative Law Judge. ALJ Suzanne Todnem will conduct the hearing. Judge Todnem's Legal Assistant, Michelle Severson, can be reached at the OAH, 600 North Robert Street, P.O. Box 64620, St. Paul, Minnesota 55164-0620, telephone 651-361-7874, and fax 651-539-0310. The rule hearing procedure is governed by *Minnesota Statutes*, sections 14.131 to 14.20, and by the rules of the OAH, *Minnesota Rules*, parts 1400.2000 to 1400.2240. You should direct questions about the rule hearing procedure to the ALJ.

Subject of Rules. Minnesota's surface waters are currently assigned, or designated, a number of possible beneficial uses (e.g., drinking water, aquatic life, and recreation such as fishing and swimming) based on which beneficial uses are or should be attained in those waters. Different physical and chemical criteria apply depending on the beneficial uses that need to be protected in each water. The MPCA routinely reviews use designations to ensure that assigned beneficial uses are protective and attainable as defined by the Clean Water Act and Minnesota Rule. As the result of routine monitoring and data generated by the Minnesota Department of Natural Resources trout waters rulemaking, the MPCA has identified waterbodies where the currently designated beneficial use does not accurately reflect an attainable use. The designated beneficial use for each water body must be correct and appropriate because the designated use affects many water quality protection and restoration efforts (e.g., assessment, stressor identification, National Pollutant Discharge Elimination System permitting, and Watershed Restoration and Protection Strategies). The proposed rules update designated uses for some state waters to improve their restoration and protection. Assigning the appropriate beneficial use is an important first step in the process to assure the goals for each water body are attainable and can be protected.

The proposed rules do not change numeric or narrative water quality standards. The proposed rules make updates and corrections to Class 2 (Aquatic Life) beneficial use designations or classifications for streams. These updates fall into two groups: 1) reviewing streams for appropriate classification as cold or warm water habitats; and 2) reviewing streams under the tiered aquatic life use (TALU) framework. The TALU rules are a framework for classifying streams based on the aquatic life each supports or has the potential to support; it assigns streams to one of three tiers: Exceptional Use, General Use, and Modified Use; and builds upon existing water quality standards. Described below are the main parts of the rule amendments the MPCA is proposing. For more information about the proposed rules, please refer to the

Proposed Rules

statement of need and reasonableness (SONAR) which is available as stated below.

1. Minn. R. 7050.0470. The proposed rules update the use designations for 232 stream reaches. The MPCA is updating the use designation tables incorporated by reference in Minn. R. 7050.0470 that list the specific use designations. The proposed changes to update these use designation tables, and a summary table of the Class 2 proposed use designations is available on the MPCA website for this rulemaking at <https://www.pca.state.mn.us/get-engaged/use-designations-for-some-stream-reaches>.
2. Minn. R. 7050.0470. The proposed rules will result in minor revisions to rule language in Minn. R. 7050.0470 and identify the estimated date for adoption of these proposed rules.

Public Comments. You and all interested or affected persons, including representatives of associations and other interested groups, will have multiple opportunities to submit comments. **Under this notice, you have until 4:30 p.m. on Friday, February 3, 2023**, to submit written comment in support of or in opposition to the proposed rules. The ALJ will then also accept your comments orally at the hearing on Thursday, February 16, 2023, and in writing after the hearing before the hearing record closes.

Please submit written comments **to the ALJ via the OAH Rulemaking eComments website at <https://minnesotaoah.granicusideas.com/discussions>**. If it is not possible for you to use the eComments website, you may submit your written comments in person, by U.S. mail, or by fax to the ALJ using the contact information provided in the ALJ section of this notice. Any comments or materials that you present or submit must relate to the proposed rules.

Post-hearing Comments. After the hearing, you may submit written comments to the ALJ using the eComments website (the preferred method) or by U.S. mail, fax, or personal delivery. These comments must be submitted within five working days after the hearing date. At the hearing, the ALJ may order this five-day comment period extended for no more than 20 calendar days.

After the comment period, there is an additional five-working-day rebuttal period during which the MPCA and any interested person may respond in writing to any new information submitted. No one may submit additional evidence during the five-day rebuttal period.

All comments and responses must be submitted to the ALJ no later than 4:30 p.m. on the due date. All comments or responses received are public and will be available for review at <https://minnesotaoah.granicusideas.com/discussions>

You may learn more about the OAH Rulemaking eComments website, including step-by-step instructions and frequently asked questions at <https://mn.gov/oah/forms-and-filing/eComments/>. Questions about submitting comments via the OAH Rulemaking eComments website should be directed to the OAH at 651-361-7900.

Please note that comments regarding the MPCA's proposal must be sent to the ALJ. Comments sent to the MPCA alone will not be part of the rulemaking record. Comments submitted after the close of the comment period will not be accepted or considered part of the record.

Modifications. The MPCA may modify the proposed rules as a result of the rule hearing process. It must support modifications by data and views presented during the rule hearing process. The adopted rules may not be substantially different than these proposed rules, unless the MPCA follows the procedure under *Minnesota Rules*, part 1400.2110. The public is also advised that depending upon the comments received the MPCA may withdraw the proposed changes.

MPCA Contact Person. The MPCA contact person is: Mary H. Lynn at the MPCA, 520 Lafayette Road North, St. Paul, Minnesota 55155-4194; telephone 651-757-2439, and mary.lynn@state.mn.us. You may also call the MPCA at 651-296-6300 or 1-800-657-3864; use your preferred relay service.

Availability of Rules. A copy of the proposed rules is published in the *State Register* after this notice, or they can be viewed on the MPCA website for this rulemaking at <https://www.pca.state.mn.us/get-engaged/use-designations-for-some-stream-reaches>. A free copy of the proposed rules is also available upon request by contacting the **MPCA contact person**. One copy per request will be sent.

Proposed Rules

Availability of Statement of Need and Reasonableness. The statement of need and reasonableness (SONAR) summarizes the justification for the proposed rules, including a description of who will be affected by the proposed rules and an estimate of the probable cost of the proposed rules. The SONAR can be viewed at the MPCA's website for this rulemaking at <https://www.pca.state.mn.us/get-engaged/use-designations-for-some-stream-reaches>. A print copy is available for the cost of reproduction by contacting the MPCA contact person.

Alternative Format/Accommodation. Upon request, this information can be made available in an alternative format, such as large print, braille, or audio. To make such a request or if you need an accommodation to make this hearing accessible, please contact the **MPCA contact person**.

Lobbyist Registration. *Minnesota Statutes*, chapter 10A, requires each lobbyist to register with the State Campaign Finance and Public Disclosure Board. You should direct questions regarding this requirement to the Campaign Finance and Public Disclosure Board at Suite #190, Centennial Building, 658 Cedar Street, St. Paul, Minnesota 55155, telephone 651-539-1180 or 1-800-657-3889.

Statutory Authority. The proposed rules are authorized by *Minnesota Statutes, sections 115.03 and 115.44*.

Adoption Procedure after the Hearing. After the close of the hearing record, the ALJ will issue a report on the proposed rules. You may ask to be notified of the date when the ALJ's report will become available and can make this request at the hearing or in writing to the ALJ. You may also ask to be notified of the date that the MPCA adopts the rules and files them with the Secretary of State, or ask to register with the MPCA to receive notice of future rule proceedings. You may make these requests at the hearing or in writing to the **MPCA contact person**.

Order. I order that the rulemaking hearing be held at the date, time, and location listed above.

Date: November 29, 2022

Katrina Kessler, Commissioner
Minnesota Pollution Control Agency

7050.0470 CLASSIFICATIONS FOR SURFACE WATERS IN MAJOR DRAINAGE BASINS.

Subpart 1. **Lake Superior basin.** The water-use classifications for the stream reaches within each of the major watersheds in the Lake Superior basin listed in item A are found in tables entitled "Beneficial Use Designations for Stream Reaches" published on the website of the Minnesota Pollution Control Agency at www.pca.state.mn.us/regulations/incorporations-reference. The tables are incorporated by reference and are not subject to frequent change. The date after each watershed listed in item A is the publication date of the applicable table. The water-use classifications for the other listed waters in the Lake Superior basin are as identified in items B to D. See part 7050.0415 for the classifications of waters not listed. Designated use information for water bodies can also be accessed through the agency's Environmental Data Access (<http://www.pca.state.mn.us/quick-links/eda-surface-water-data>).

A. Streams (by eight-digit hydrologic unit code):

- (1) 04010101 Lake Superior - North (~~August 9, 2016~~ March 2023);
 - (2) 04010102 Lake Superior - South (~~August 9, 2016~~ March 2023);
 - (3) 04010201 St. Louis River (~~August 9, 2016~~ March 2023);
 - (4) 04010202 Cloquet River (~~August 9, 2016~~ March 2023); and
 - (5) 04010301 Nemadji River (~~August 9, 2016~~ March 2023).
- [For text of items B to D, see Minnesota Rules]*

Subp. 2. **Lake of the Woods basin.** The water-use classifications for the stream reaches within each of the major

Proposed Rules

watersheds in the Lake of the Woods basin listed in item A are found in tables entitled “Beneficial Use Designations for Stream Reaches” published on the website of the Minnesota Pollution Control Agency at www.pca.state.mn.us/regulations/incorporations-reference. The tables are incorporated by reference and are not subject to frequent change. The date after each watershed listed in item A is the publication date of the applicable table. The water-use classifications for the other listed waters in the Lake of the Woods basin are as identified in items B to D. See part 7050.0415 for the classifications of waters not listed. Designated use information for water bodies can also be accessed through the agency’s Environmental Data Access (<http://www.pca.state.mn.us/quick-links/eda-surface-water-data>).

A. Streams (by eight-digit hydrologic unit code):

- (1) 09030001 Rainy River - Headwaters (~~August 9, 2016~~ March 2023);
- (2) 09030002 Vermilion River (~~August 9, 2016~~ March 2023);
[For text of subitem (3), see Minnesota Rules]
- (4) 09030005 Little Fork River (~~August 9, 2016~~ March 2023);
[For text of subitems (5) to (8), see Minnesota Rules]
[For text of items B to D, see Minnesota Rules]

Subp. 3. **Red River of the North basin.** The water-use classifications for the stream reaches within each of the major watersheds in the Red River of the North basin listed in item A are found in tables entitled “Beneficial Use Designations for Stream Reaches” published on the website of the Minnesota Pollution Control Agency at www.pca.state.mn.us/regulations/incorporations-reference. The tables are incorporated by reference and are not subject to frequent change. The date after each watershed listed in item A is the publication date of the applicable table. The water-use classifications for the other listed waters in the Red River of the North basin are as identified in items B to D. See part 7050.0415 for the classifications of waters not listed. Designated use information for water bodies can also be accessed through the agency’s Environmental Data Access (<http://www.pca.state.mn.us/quick-links/eda-surface-water-data>).

A. Streams (by eight-digit hydrologic unit code):

- [For text of subitems (1) and (2), see Minnesota Rules]*
- (3) 09020103 Otter Tail River (~~August 9, 2016~~ March 2023);
[For text of subitems (4) to (6), see Minnesota Rules]
- (7) 09020108 Wild Rice River (~~August 9, 2016~~ March 2023);
[For text of subitem (8), see Minnesota Rules]
- (9) 09020302 Upper/Lower Red Lake (~~August 9, 2016~~ March 2023);
[For text of subitems (10) and (11), see Minnesota Rules]
- (12) 09020305 Clearwater River (~~August 9, 2016~~ March 2023);
[For text of subitems (13) to (17), see Minnesota Rules]
[For text of items B to D, see Minnesota Rules]

Subp. 4. **Upper Mississippi River basin (headwaters to the confluence with the St. Croix River).** The water-use classifications for the stream reaches within each of the major watersheds in the upper Mississippi River basin from the headwaters to the confluence with the St. Croix River listed in item A are found in tables entitled “Beneficial Use Designations for Stream Reaches” published on the website of the Minnesota Pollution Control Agency at www.pca.state.mn.us/regulations/incorporations-reference. The tables are incorporated by reference and are not subject to frequent change. The date after each watershed listed in item A is the publication date of the applicable table. The water-use classifications for the other listed waters in the upper Mississippi River basin from the headwaters to the confluence with the St. Croix River are as identified in items B to D. See part 7050.0415 for the classifications of waters not listed. Designated use information for water bodies can also be accessed through the agency’s Environmental Data Access (<http://www.pca.state.mn.us/quick-links/eda-surface-water-data>).

Proposed Rules

A. Streams (by eight-digit hydrologic unit code):

[For text of subitem (1), see Minnesota Rules]

- (2) 07010102 Leech Lake River (~~August 9, 2016~~ March 2023);
- (3) 07010103 Mississippi River - Grand Rapids (~~August 9, 2016~~ March 2023);
- (4) 07010104 Mississippi River - Brainerd (~~August 9, 2016~~ March 2023);
- (5) 07010105 Pine River (~~August 9, 2016~~ March 2023);
[For text of subitems (6) to (8), see Minnesota Rules]
- (9) 07010201 Mississippi River - Sartell (~~August 9, 2016~~ March 2023);
- (10) 07010202 Sauk River (~~August 9, 2016~~ March 2023);
[For text of subitem (11), see Minnesota Rules]
- (12) 07010204 North Fork Crow River (~~August 9, 2016~~ March 2023);
[For text of subitems (13) to (15), see Minnesota Rules]
[For text of items B to D, see Minnesota Rules]

Subp. 5. **Minnesota River basin.** The water-use classifications for the stream reaches within each of the major watersheds in the Minnesota River basin listed in item A are found in tables entitled “Beneficial Use Designations for Stream Reaches” published on the website of the Minnesota Pollution Control Agency at www.pca.state.mn.us/regulations/incorporations-reference. The tables are incorporated by reference and are not subject to frequent change. The date after each watershed listed in item A is the publication date of the applicable table. The water-use classifications for the other listed waters in the Minnesota River basin are as identified in items B to D. See part 7050.0415 for the classifications of waters not listed. Designated use information for water bodies can also be accessed through the agency’s Environmental Data Access (<http://www.pca.state.mn.us/quick-links/eda-surface-water-data>).

A. Streams (by eight-digit hydrologic unit code):

[For text of subitem (1), see Minnesota Rules]

- (2) 07020002 Pomme de Terre River (~~August 9, 2016~~ March 2023);
[For text of subitems (3) to (5), see Minnesota Rules]
- (6) 07020006 Redwood River (~~August 9, 2016~~ March 2023);
- (7) 07020007 Minnesota River - Mankato (~~August 9, 2016~~ March 2023);
- (8) 07020008 Cottonwood River (~~August 9, 2016~~ March 2023);
- (9) 07020009 Blue Earth River (~~August 9, 2016~~ March 2023);
[For text of subitems (10) and (11), see Minnesota Rules]
- (12) 07020012 Lower Minnesota River (~~August 9, 2016~~ March 2023).

Notice of Intent to Adopt Rules - WQS Class 2 Use Designations

NOTICE OF HEARING

Proposed Amendments to Rules Governing Water Quality Standards - Use Classification 2, *Minnesota Rules*, chapter 7050

The Minnesota Pollution Control Agency (MPCA) received a request for additional information related to the Notice of Hearing on proposed amendments to rules governing water quality standards – Class 2 Use Designations. To ensure the requested information is available to all interested persons, the MPCA has posted the list of permitted municipal wastewater facilities referenced in Section 8 of the [Statement of Need and Reasonableness](#) for the rule on the [Class 2 Use Designation rulemaking website](#).

The MPCA published the above notice in the December 12, 2022, [Minnesota State Register](#), and is requesting comment on the proposed rule amendments. The notice and rule related documents are available by visiting the MPCA's [Class 2 Use Designation rulemaking website](#). You can submit your written comments on this rule during the public comment period for the Notice of Hearing. The comment period for the Notice of Hearing closes at **4:30 p.m. on Friday, February 3, 2023**. The administrative law judge will also accept your comments orally at the **hearing on February 16, 2023**, and in writing after the hearing and before the hearing record closes.

The purpose of the rules is to update use designations for some state waters. The "designated use" is a component of water quality standards that defines how the water is used (e.g., drinking water, aquatic life, recreation). These amendments make updates and corrections to Class 2 (Aquatic Life) use designations or classifications for 232 stream reaches.

Information about this and other MPCA rulemaking projects is available at the [public rulemaking docket](#).

The mission of the MPCA is to protect and improve the environment and human health.
