RE: Air Emission Permit No. 04700066-101

Dear Dar Nelson:

Enclosed is the signed cover page for Part 70 Low-Emitting Facility General Permit No. 04700066-101 for the facility located at 2200 Y.H. Hanson Avenue, Albert Lea, Freeborn County, Minnesota 56007-3407.

The signed cover page indicates that the permit was issued to the facility named Minnesota Corrugated Box Inc. Keep this for your records. The entire permit can be found at <http://www.pca.state.mn.us/gr994ur>, under the heading "Permit documents." The official permit is the document entitled "FINAL Part 70 Low Emitting Facility General Permit," dated April 30, 2015; it is available as either, a portable document format (pdf), or as a Microsoft Word file. You are responsible for identifying and complying with all parts of the permit that apply to your facility.

In the same location, you can also find the Technical Support Document, and a version of the permit broken down into individual sections. These permit sections include all of the requirements of the official permit.

The permit is effective from the date the permit is issued to you, to the date the general permit expires. Please read through the permit and review its conditions and requirements. Distribute the permit to staff members responsible for ensuring compliance with the conditions and limitations in the permit. If appropriate, post the permit at the facility.

We appreciate your cooperation and compliance with environmental laws. If you have questions about the permit, please contact me by phone at 651-757-2705, by email at robert.little@state.mn.us.

Dar Nelson

If you would like the MPCA to email you a copy of the official permit, rather than downloading it from the web site, or if you would like the MPCA to mail you a paper copy of the entire permit, please contact Laurie O'Brien at 651-757-2081 or by email at laurie.obrien@state.mn.us.

Sincerely,

Toni Volkmeier

Part 70 Low-Emitting Facility General Permit Air Emission General Permit No. 04700066-101

PERMITTEE: Tom Krebsbach
FACILITY NAME: Minnesota Corrugated Box Inc
2200 Y.H. Hanson Ave
Albert Lea, MN 56007-3407
Freeborn County

PERMIT ISSUANCE DATE: January 26, 2017

EXPIRATION DATE: April 30, 2020* - -All Title I Conditions do not expire.

Permit Characteristics: Federal; General Permit/Part 70; Limits to avoid NSR

* The Permittee may continue to operate this facility after the expiration date of the permit, per the provision under Minn. R. 7007.0450, subp. 3.

The emission units, control equipment and emission stacks at the stationary source authorized in this permit are as described in the Permit Applications Table.

This general permit authorizes the Permittee to operate, construct and modify the stationary source at the address listed above unless otherwise noted in the permit. The Permittee must comply with all the conditions of the permit. Any changes or modifications to the stationary source must be performed in compliance with Minn. R. 7007.1150 to 7007.1500. If a modification or change to the stationary source would render it ineligible for this General Permit, the stationary source shall apply for and obtain an individual Part 70 or state permit before beginning actual construction of the modification or change. Terms used in the permit are as defined in the state air pollution control rules unless the term is explicitly defined in the permit.

Unless otherwise indicated, all the Minnesota rules cited as the origin of the permit terms are incorporated into the State Implementation Plan (SIP) under 40 CFR § 52.1220 and as such as are enforceable by U.S. Environmental Protection Agency (EPA) Administrator or citizens under the Clean Air Act.
