## Part 70 Low-Emitting Facility General Permit Air Emission General Permit No. 11100085-001

**PERMITTEE:** Master Composites Inc.  
**FACILITY NAME:** **Master Composites Inc.**  
211 Industrial Drive  
Henning, Otter Tail County, Minnesota 56551  
**PERMIT ISSUANCE DATE:** May 28, 2015  
**EXPIRATION DATE:** April 30, 2020\* --All Title I Conditions do not expire.

**Permit Characteristics: Federal; General Permit/Part 70; Limits to avoid NSR**

\* The Permittee may continue to operate this facility after the expiration date of the permit, per the provision under Minn. R. 7007.0450, subp. 3.

The emission units, control equipment and emission stacks at the stationary source authorized in this permit are as described in the Permit Applications Table.

This general permit authorizes the Permittee to operate, construct and modify the stationary source at the address listed above unless otherwise noted in the permit. The Permittee must comply with all the conditions of the permit. Any changes or modifications to the stationary source must be performed in compliance with Minn. R. 7007.1150 to 7007.1500. If a modification or change to the stationary source would render it ineligible for this General Permit, the stationary source shall apply for and obtain an individual Part 70 or state permit before beginning actual construction of the modification or change. Terms used in the permit are as defined in the state air pollution control rules unless the term is explicitly defined in the permit.

Unless otherwise indicated, all the Minnesota rules cited as the origin of the permit terms are incorporated into the State Implementation Plan (SIP) under 40 CFR § 52.1220 and as such as are enforceable by U.S. Environmental Protection Agency (EPA) Administrator or citizens under the Clean Air Act.
