Description of [permitted facility/activity or name of project]
FLEXcon Company, Inc. manufactures pressure sensitive films. A coater/laminator is used to apply adhesives to a film stock followed by a drying oven. The facility also contains insignificant activities as allowed under Minn. R. 7007.1300. The main emissions are Volatile Organic Compounds (VOC) and Hazardous Air Pollutants (HAP) from the coater.

The permit action is for operation of the facility. The permit action is the issuance of a State Operating Permit; therefore, the draft permit has been placed on public notice.

The draft permit does not authorize any emissions increases. A summary of the existing Potential to Emit (PTE) in tons per year is as follows:

<table>
<thead>
<tr>
<th>Pollutant</th>
<th>PM</th>
<th>PM10</th>
<th>PM2.5</th>
<th>SO2</th>
<th>NOx</th>
<th>VOCs</th>
<th>CO</th>
<th>CO2e</th>
<th>Total HAP</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total Facility PTE</td>
<td>0.025</td>
<td>0.025</td>
<td>0.025</td>
<td>0.002</td>
<td>0.334</td>
<td>3.808</td>
<td>0.28</td>
<td>444</td>
<td>2.047</td>
</tr>
</tbody>
</table>

PM = Particulate Matter
PM10 = PM, 10 microns and smaller
PM2.5 = PM, 2.5 microns and smaller
SO2 = Sulfur Dioxide
NOx = Nitrogen Oxides
CO2e = Carbon Dioxide Equivalents as defined in Minn. R. 7007.0100
CO = Carbon Monoxide

The Permittee is not required to submit a pollution prevention progress report pursuant to Minn. Stat. § 115D.08.
The preliminary determination to reissue this Air permit is tentative.

Procedure for public participation
As stated in Minn. R. chs. 7000 and 7001, there are three formal procedures for public participation in the MPCA's consideration of this matter. Interested persons may:

1. Submit written comments on the draft permit.
2. Petition the MPCA to hold a public informational meeting.
3. Petition the MPCA to hold a contested case hearing.
Submitting written comments

To submit comments or petitions to the MPCA through the mail or email, you must state:

1. Your interest in the permit application or the draft permit.
2. The action you wish the MPCA to take, including specific references to the section of the draft permit you believe should be changed.
3. The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

Public informational meeting

A public informational meeting is an informal meeting during which interested persons can ask questions concerning the proposed facility. MPCA staff will be present to provide information. If an interested person would like the MPCA to hold a public informational meeting, the person should include all information identified above and in addition include a statement of the reasons the person desires the MPCA to hold a public informational meeting and the issues that the person would like the agency to address at the public informational meeting.

Contested Case Hearing

A contested case hearing is a formal proceeding before an administrative law judge empowered to advise the MPCA regarding issues of fact. As described in Minn. R. 7000.1800, persons who submit petitions for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. To the extent known, the petitioner may also submit a list of prospective witnesses to be called at a hearing, a proposed list of publications, references, or studies to be introduced at a hearing and the approximate time required for the petitioner to present the matter at a hearing. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900.
