A draft permit and supporting information are available for review on the MPCA Public Notices webpage at http://www.pca.state.mn.us/publicnotices. Additional materials relating to the issuance of this permit are available for inspection by appointment at any MPCA office (https://www.pca.state.mn.us/about-mpca/mpca-offices) between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. The MPCA will mail or email a copy of the draft permit upon request. Comments, petitions, and other requests must be received at the MPCA in writing on or before the public comment period end date and time identified above.

Description of RR Donnelley - Chanhassen
RR Donnelly Chanhassen (facility) operates a commercial printing facility in Chanhassen, Minnesota. Air emission sources at the facility include heatset web offset lithographic printing presses along with associated dryers, inkjet presses, sheetfed presses, digital sheetfed press, and regenerative thermal oxidizer. The volatile organic compounds (VOC), and volatile hazardous air pollutant (HAPs) emissions from heatset web offset lithographic printing press and the associated dryers pollutants are vented to and controlled by the thermal oxidizer. This permit authorizes the facility to add a new digital sheetfed press.

The preliminary determination to reissue and modify this Air permit is tentative.

The permit action is for the modification and operation of the facility. The permit action is a major amendment to a State permit; therefore, the draft permit has been placed on public notice.

A summary of the Potential to Emit (PTE)/Emissions Increase in tons per year is as follows:

PM = Particulate Matter
PM$_{10}$ = PM, 10 microns and smaller
PM$_{2.5}$ = PM, 2.5 microns and smaller
SO$_2$ = Sulfur Dioxide
NO$_x$ = Nitrogen Oxides
VOCs = Volatile Organic Compounds
CO = Carbon Monoxide
CO$_2$e = Carbon Dioxide Equivalents as defined in Minn. R. 7007.0100
HAP = Hazardous Air Pollutant
The Permittee is not required to submit a pollution prevention progress report pursuant to Minn. Stat. § 115D.08.

Procedure for public participation
As stated in Minn. R. chs. 7000 and 7001, there are three formal procedures for public participation in the MPCA's consideration of this matter. Interested persons may:

(1) Submit written comments on the draft permit.
(2) Petition the MPCA to hold a public informational meeting.
(3) Petition the MPCA to hold a contested case hearing.

Submitting written comments
To submit comments or petitions to the MPCA through the mail or email, you must state:

(1) Your interest in the permit application or the draft permit.
(2) The action you wish the MPCA to take, including specific references to the section of the draft permit you believe should be changed.
(3) The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

Public informational meeting
A public informational meeting is an informal meeting during which interested persons can ask questions concerning the proposed facility. MPCA staff will be present to provide information. If an interested person would like the MPCA to hold a public informational meeting, the person should include all information identified above and in addition include a statement of the reasons the person desires the MPCA to hold a public informational meeting and the issues that the person would like the agency to address at the public informational meeting.

Contested Case Hearing
A contested case hearing is a formal proceeding before an administrative law judge empowered to advise the MPCA regarding issues of fact. As described in Minn. R. 7000.1800, persons who submit petitions for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. To the extent known, the petitioner may also submit a list of prospective witnesses to be called at a hearing, a proposed list of publications, references, or studies to be introduced at a hearing and the approximate time required for the petitioner to present the matter at a hearing. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900.
