Public Notice of intent to issue
Air
Permit 05300966-101

General information
Public comment period begins: June 26, 2020
Public comment period ends: July 27, 2020 (4:30 p.m.)
Current permit issued: August 8, 2008

Name and address of Permittee:
Cintas Corp
6800 Cintas Blvd
Mason, Ohio 45040-9151

Facility name and location:
Cintas Minneapolis Industrial
2108 Washington Ave N
Minneapolis, MN 55411-2221
Hennepin County

MPCA contact person:
Morgan Bolstad
Industrial Division
Minnesota Pollution Control Agency
520 Lafayette Road North
St. Paul, MN 55155
Phone: 651-757-2209
Email: morgan.bolstad@state.mn.us
File manager phone: 651-757-2728 or 1-844-828-0942

A draft permit and supporting document are available for review on the MPCA Public Notices webpage at http://www.pca.state.mn.us/publicnotices. Additional materials relating to the issuance of this permit are available for inspection by appointment at any MPCA office (https://www.pca.state.mn.us/about-mpca/mpca-offices) between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. The MPCA will mail or email a copy of the draft permit upon request. Comments, petitions, and other requests must be received at the MPCA in writing on or before the public comment period end date and time identified above.

Watershed: NA
Receiving water: NA

Description of permitted facility and permit action
Cintas Corp. owns and operates an industrial laundering facility in the city of Minneapolis, Hennepin County, in Minnesota. The facility is engaged in supplying industrial work uniforms and related work textiles. The primary air pollutants from the facility are volatile organic compounds (VOC) and hazardous air pollutants (HAP). The permit restricts the emissions of the facility such that the facility is classified as a non-major source under federal New Source Review regulations (40 CFR § 52.21) and under the federal Operating Permit Program (40 CFR pt. 70). The permit also restricts HAP emissions such that the facility is a minor source under the National Emission Standards for Hazardous Air Pollutants (NESHAPs, 40 CFR pt. 63).

The changes from the Major Amendment are to authorize construction of replacements for Dryers #3 and #4 with lower capacity/more efficient dryers. Every dryer and washer that was previously listed as an insignificant activity has been added to the permit as well. The Administrative Amendment is to change ownership of the Facility. This permit action also removes all print towel scenarios because the Facility does not launder print towels any longer. Natural gas is the only fuel permitted now because the Facility only uses natural gas. The Petromiser, Wipe Counter, and SWE Washer #1 were also removed from the permit as the Facility has removed these pieces of equipment.

The preliminary determination to issue this Air permit is tentative.

The permit action is for construction and operation of the facility. The permit action is a major amendment; therefore, the draft permit has been placed on public notice.

A summary of the Potential to Emit (PTE) and Emissions Increase in tons per year is as follows:
### Procedure for public participation

As stated in Minn. R. chs. 7000 and 7001, there are three formal procedures for public participation in the MPCA’s consideration of this matter. Interested persons may:

1. Submit written comments on the draft permit.
2. Petition the MPCA to hold a public informational meeting.
3. Petition the MPCA to hold a contested case hearing.

### Submitting written comments

To submit comments or petitions to the MPCA through the mail or email, you must state:

1. Your interest in the permit application or the draft permit.
2. The action you wish the MPCA to take, including specific references to the section of the draft permit you believe should be changed.
3. The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

### Public informational meeting

A public informational meeting is an informal meeting during which interested persons can ask questions concerning the proposed facility. MPCA staff will be present to provide information. If an interested person would like the MPCA to hold a public informational meeting, the person should include all information identified above and in addition include a statement of the reasons the person desires the MPCA to hold a public informational meeting and the issues that the person would like the agency to address at the public informational meeting.

### Contested Case Hearing

A contested case hearing is a formal proceeding before an administrative law judge empowered to advise the MPCA regarding issues of fact. As described in Minn. R. 7000.1800, persons who submit petitions for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. To the extent known, the petitioner may also submit a list of prospective witnesses to be called at a hearing, a proposed list of publications, references, or studies to be introduced at a hearing and the approximate time required for the petitioner to present the matter at a hearing. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900.
