Watershed: Lake of the Woods

Receiving water: Unnamed ditch - Class 2Bg, 3C, 4A, 4B, 5, 6 water

Description of permitted facility

The Facility has a controlled discharge (SD 003) to Branch 1, Lateral 2 of Judicial Ditch No. #61 (Class 2Bg, 3C, 4A, 4B, 5, 6 water). The Facility is a Class D.

The Facility is designed to treat:

- An average wet weather (AWW) flow of 0.369 million gallons per day (MGD)
- Five-day carbonaceous biochemical oxygen demand (CBOD₅) of 203 mg/L

The application and plans indicate that the existing Facility consists of approximately 34,000 feet of force main, and a three-cell stabilization pond system. The two primary pond cells have surface areas of 17.1 acres each, and the secondary cell has a surface area of 17.1 acres, each measured at the four-foot mean operating depth. The pond system provides a total detention time of 180 days at design flow.

The Facility is further described in plans and specifications on file with the Minnesota Pollution Control Agency.

The preliminary determination to reissue this wastewater permit is tentative.

Procedure for public participation

As stated in Minn. R. chs. 7000 and 7001, there are three formal procedures for public participation in the MPCA's consideration of this matter. Interested persons may:

- (1) Submit written comments on the draft permit.
- (2) Petition the MPCA to hold a public informational meeting.
- (3) Petition the MPCA to hold a contested case hearing.

Submitting written comments

To submit comments or petitions to the MPCA through the mail or email, you must state:

- (1) Your interest in the permit application or the draft permit.
- (2) The action you wish the MPCA to take, including specific references to the section of the draft permit you believe should be changed.
- (3) The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

Public informational meeting

A public informational meeting is an informal meeting during which interested persons can ask questions concerning the proposed facility. MPCA staff will be present to provide information. If an interested person would like the MPCA to hold a public informational meeting, the person should include all information identified above and in addition include a statement of the reasons the person desires the MPCA to hold a public informational meeting and the issues that the person would like the agency to address at the public informational meeting.

Contested Case Hearing

A contested case hearing is a formal proceeding before an administrative law judge empowered to advise the MPCA regarding issues of fact. As described in Minn. R. 7000.1800, persons who submit petitions for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. To the extent known, the petitioner may also submit a list of prospective witnesses to be called at a hearing, a proposed list of publications, references, or studies to be introduced at a hearing and the approximate time required for the petitioner to present the matter at a hearing. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900.
