

Public Inspection

Draft 2025 Air Monitoring Network Plan for Minnesota

Environmental Analysis and Outcomes Division

State of Minnesota

Public Inspection Starts: May 16, 2024

Public Inspection Ends: June 17, 2024

Description of the report

This annual report provides an overview of the various air quality monitoring networks operating in Minnesota. The purpose is to demonstrate compliance with air monitoring network regulations, to describe proposed changes for the upcoming year, and to provide specific information on each of the existing and proposed monitoring sites. Details regarding the location of individual sites, monitoring objectives, and proposed changes are provided. Data for several pollutants are summarized to show current conditions relative to State and Federal air quality standards.

The report is available for review at the MPCA office at the St. Paul address listed below and online at www.pca.state.mn.us/air/monitoringnetwork.html.

A copy of the report will be mailed to you if the MPCA receives your written or oral request at the St. Paul office. To make an oral request, please contact Kellie Gavin at kellie.gavin@state.mn.us or 651-757-2379.

For more information please contact Kurt Anderson, Minnesota Pollution Control Agency (MPCA) Air Monitoring Unit at kurt.anderson@state.mn.us or 651-757-2192.

Written comments

You may submit written comments on the proposed changes in the plan.

Written comments could include the following:

1. A statement of your interest in the change.
2. A statement of the action you wish the MPCA to take.
3. The reasons supporting your position.

Written comments should be submitted to:

Kurt Anderson
