

Community meeting

Learn about the proposed cleanup plan for the Ford Area C site

MPCA staff will provide background information on Area C, present an overview of the cleanup alternatives, and answer questions.

“Area C” refers to the name given to Ford Motor Company’s former industrial waste dump on the floodplain of the Mississippi River, at the base of the bluff below the former Twin Cities Assembly Plant in Saint Paul.

In-person meeting

Thursday, Jan. 15
6:30—8:30 p.m.

Highland Park
Community Center
(auditorium)

1978 Ford Parkway
St. Paul, MN
