Enforceme	ent Case S	Summary January-June 2022			
Public date	Case Type	Company or individual(s) (location)	Violation Location	Violation(s)	Net penalty amt.
5/11/2022	STIP	3M Company (St. Paul, MN)	Cottage Grove	Hazardous Waste - The MPCA's two-year-long investigation revealed a series of hazardous waste violations at the company's Cottage Grove facility, dating back to 1996.	\$2,844,694
6/13/2022	STIP	Nationwide DI Water Solutions LLC (Elgin, MN)	Elgin	Industrial Wastewater - The company exceeded its permitted wastewater discharge limits for zinc and copper for most of 2020 and 2021, at its ion exchange resin recharge facility in Elgin, Minnesota.	\$23,775
5/12/2022	STIP	Central Specialties, Inc. (Alexandria, MN)	Alexandria	Air Quality - The company failed to properly calculate air pollutants, exceeded air pollutant emissions, submitted late semiannual and annual reports, and failed to keep various required records. Violations were related to their three portable hot mix asphalt plants.	\$22,750
2/9/2022	STIP	Liberty Tire Services of Ohio, LLC (Des Moines, IA)	Savage	Industrial Stormwater - The company allowed tire shreds to enter the City of Savage storm sewer system and wash into nearby Eagle Creek, a designated trout stream. This was discovered in 2019.	\$22,000
4/12/2022	STIP	Hartel's Disposal LLC (Proctor, MN)	Proctor	Industrial Stormwater - The company discharged used motor oil and automotive fluids from a network of floor drains directly onto the ground around two of its buildings located in Proctor, Minn. The company also failed to stop the discharges and clean up the contamination.	\$20,000
3/9/2022	АРО	Eairview Township (Brainerd, MN)	Fairview Township	Construction Stormwater - Fairview Township and Gladen Construction, Inc., failed to adequately prevent erosion and sediment runoff along a four-mile stretch during construction of the Fairview portion of the Gull Lake Trail project during fall 2021. Nearly 1,500 square feet of sediment, carried by stormwater runoff, was found to have flowed into four different wetlands and a stream that were all adjacent to the trail.	\$16,710
3/9/2022	APO	Gladen Construction, Inc. (Laporte, MN)	Fairview Township	Construction Stormwater - Fairview Township and Gladen Construction, Inc., failed to adequately prevent erosion and sediment runoff along a four-mile stretch during construction of the Fairview portion of the Gull Lake Trail project during fall 2021. Nearly 1,500 square feet of sediment, carried by stormwater runoff, was found to have flowed into four different wetlands and a stream that were all adjacent to the trail.	\$16,710
1/3/2022	APO	Green Plains Otter Tail LLC (Fergus Falls, MN)	Fergus Falls	Industrial Wastewater - The company violated its combined wastewater and stormwater permit numerous times over the last three years at its ethanol production facility near Fergus Falls, Minn.	\$14,812
6/27/2022	APO	RJ Zavoral and Sons Inc. (East Grand Forks, MN)	Pennington County	Air Quality - The company exceeded air pollutant emissions, failed to complete equipment performance tests for up to four years, and failed to keep various required equipment inspection records. The violations are associated with two of the company's portable hot mix asphalt plants and two portable rock crushing plants.	\$14,490
6/23/2022	APO	Poet Biorefining - Glenville, LLC (Albert Lea, MN)	Albert Lea	Industrial Wastewater - The company exceeded its permitted stormwater discharge limits, including total suspended solids and carbonaceous biochemical oxygen demand (CBOD), the measurement of dissolved oxygen depletion in wastewater released into a body of water.	\$12,029
3/30/2022	STIP	Aspen Hills Homeowners Association (Eden Prairie, MN)	Elk River	Municipal Wastewater - The Association's wastewater treatment plant in Elk River consistently discharged excess phosphorus, suspended solids, and fecal coliform above permitted limits into nearby Tibbets Brook, an impaired water, from 2019 to 2021.	\$11,275
3/9/2022	APO	Chippewa Valley Ethanol Company, LLLP (Benson, MN)	Benson	Aboveground Tanks - The company constructed and installed a 200,000 gallon ethanol storage tank in November 2021 without required MPCA review and approval. The permit violations occurred at the company's ethanol production facility near Benson, Minn.	\$11,150
4/11/2022	APO	Dwayne Stiernagle Farm (Hartland, MN)	Hartland	Feedlots - Manure was pumped from the facility to a nearby field that drains to County Ditch 43 and eventually Cobb Creek. That contamination resulted in a fish kill in the creek.	\$9,975
3/1/2022	APO	Cody Penning (Beaver Creek, MN)	Beaver Creek	Feedlots - Liquid swine manure was land applied at a rate higher than their permitted limit, causing manure to flow to a nearby stream and threaten ground water sources.	\$9,650

2/2/2022	APO	Liberty Ponds Association c/o Gaughan Association Management (Forest Lake, MN)	Wyoming	Municipal Wastewater - The facility pumped at least 10,000 gallons of untreated wastewater to a swale area next to a wetland area. This unauthorized release impacted the wetland, which is considered waters of the state.	\$8,700
2/9/2022	АРО	Lake West Development, LLC (Minnetonka, MN)	Chanhassen	Construction Stormwater - The company began construction of Glendale Drive Homes residential development without applying for, and receiving required permits. They were also missing requirements in their Stormwater pollution prevention plan and they failed to conduct the required weekly and rain event inspections.	\$6,450
1/10/2022	APO	Joe Varner (Motley, MN)	Pillager	Feedlots - Discharged liquid manure and manure- contaminated runoff that flowed across an unpermitted lot and impacted nearby Seven Mile Creek.	\$6,400
2/16/2022	APO	Valley Paving Inc. (Shakopee, MN)	Shakopee	Air Quality - The facility exceeded particulate matter emissions by nearly 50% above its permitted limit in May of 2020. The issue has since been resolved.	\$6,350
6/9/2022	APO	Felling Trailers, Inc. (Sauk Centre, MN)	Sauk Centre	Hazardous Waste - The company failed to properly label several containers of waste paint and related materials as hazardous waste. Proper labeling is required as a safety measure for employees and emergency personnel.	\$6,260
1/19/2022	APO	Jerry's Pumping LLC (Villard, MN)	Villard	Feedlots - The company applied liquid manure in a manner that caused a discharge of liquid manure and manure contaminated runoff into an open tile intake that flows into waters of the state, specifically nearby Seven Mile Creek.	\$5,850
