

Coon Rapids Anoka County, Minnesota
 Unique Well Number 665725
 T 31-R24-S26 BBBBDD

Hydraulic conductivity values
for zones of preferential flow (ft/day)

k1	982	% of total transmissivity	54
k2	237		13
k3	601		33

Modeled using a total well transmissivity of 1820 ft²/day

▲ injected @ 3.7 gal/min
 ◆ pumped @ 1 gal/min
 ■ ambient
 (172% of measured flow)
 - - - interpreted pumped flow
 - - - interpreted injected flow
 ——— interpreted ambient flow

— injected
 — ambient
