

Savage OB-8 Scott County, Minnesota
 Unique Well Number 593579
 T 115-R21-S19 AAAABC

Hydraulic conductivity values
 for zones of preferential flow (ft/day)
 k1 3.5

% of total transmissivity
 100

Estimate based on radial flow to a well, zone of influence 20 feet,
 aquifer thickness 55 feet.

■ ambient
 (125% of measured flow)

◆ injection @ 4.7 gal/min

— interpreted ambient flow

- - - interpreted injection flow

— ambient
