

# Environmental Management System

## Consultants active in Minnesota

The Minnesota Pollution Control Agency (MPCA) is providing this list solely as a service; no endorsement is intended or implied.

This is a list of providers of Environmental Management System (EMS) consulting, auditing and/or related services, active in Minnesota, that MPCA staff are aware of as of July 2016. Because this list is not updated and verified frequently, we recommend that you confirm certifications at <http://exemplarglobal.org/>, or more directly, at: <http://exemplarglobal.org/certification/what-we-offer/search-for-certified-individuals-or-organizations/>.

NOTE: Certified EMS auditors may also provide EMS consulting. However, if they have provided EMS consulting to an organization, they may not, for a subsequent two years, provide ISO 14001 audits to the same organization.

To request or update a listing, please contact the MPCA via e-mail at [p2.pca@state.mn.us](mailto:p2.pca@state.mn.us).
