

## Hazardous Waste Generators

Are you responsible for managing hazardous waste at your facility?

This ten-step introduction to hazardous waste (HW) management and compliance with Minnesota rules is designed for newcomers to the HW field and those who need a refresher. It covers how to evaluate to determine whether a waste is hazardous, handling, storage, transportation, emergency planning, employee training and record keeping requirements for those hazardous wastes.

**This training is general in nature, and does not cover PCB compliance and health care topics.**

## HW Generator Compliance –

Check-in: Half-hour before workshop begins

The HW Generator workshop provides an overview of the “10 Steps to Compliance” — the steps necessary for generators to comply with Minnesota’s hazardous waste rules:

1. Evaluate waste
2. Determine generator size
3. Obtain a HWID
4. Hazardous waste licensing
5. Accumulate hazardous waste
6. Treat or dispose of hazardous waste
7. Manifest the waste
8. Plan for emergencies
9. Train personnel
10. Keep records

**Fact sheets for printing (for online & classroom training):** <https://www.pca.state.mn.us/waste/hazardous-waste-documents-and-forms>

This training is general in nature, and does not cover PCB compliance and health care topics.

## Registration

- Preregistration and prepayment are required. (Purchase orders will only be accepted from governmental organizations. Billing is not an option.)
- No walk-in registrants will be accepted.
- No registration confirmation will be sent.
- Registration is managed on a first-come, first served basis. Registrants will be notified if their workshop is filled.

# Classroom Workshops Dates and Locations

**September 15, 2022**

Register by Sept 1

12:30 – 4:30 pm

MPCA-Rochester Regional Office  
7381 Airport View Dr SW  
Rochester, MN 55902  
Phone: 507-537-7146
