

2026 Spring Solid Waste Landfill Operator Training

for New Certification

Type II and III Solid Waste Facility Operator Certification Trainings

Each two-day course, which includes an exam, is intended for professionals pursuing careers in demolition/industrial waste, or municipal solid waste management. Each course develops the level of competency required to operate and inspect solid waste landfills.

Training consists of basic math and science principles, public health considerations, applicable rules and regulations, waste screening, asbestos, stormwater issues, facility operations and closure/post-closure compliance. Lunch will be provided.

Successful completion of the exam is required to become a certified operator. This certification is valid for three years.

New Certification Classes

Per Minn. R. 7048.0800, subp. 1, Type II and Type III new certification registrations require an Exam Application (pg. 3 and 4 of this form) in addition to the registration form. All forms must be postmarked at least 15 days prior to the class date. Email address on forms is mandatory.
