

# 2026 Spring Solid Waste Landfill Operator Training

for Continuing Education

## Type II and III Solid Waste Facility Operator Certification Training

Continuing Education courses bring certified operators together to explore current trends and issues in solid waste management. Each one-day training features flexible course content with presentations and activities covering regulatory compliance, health/safety concerns, operational challenges, and a facility tour. Lunch will be provided.

Continuing Education courses are appropriate for Type II and Type III operators to renew a solid waste certification. Type II certification requires 18 contact hours over three years; Type III certification requires 6 contact hours over three years. Certification renewal requires completion of the renewal application found on the MPCA Website.

### Landfill Operator Continuing Education

Type II & Type III | 6 contact hrs \$240 One day session 9 a.m. – 4 p.m.
