

Landfills accepting asbestos

Solid Waste/Asbestos Program

Resource Management & Assistance Division

The Minnesota Pollution Control Agency (MPCA) maintains this list of landfills solely as a service to Minnesota residents and contractors. The MPCA does not endorse specific landfills. The MPCA cautions all using this list to make sure that any landfill with whom they contract for services complies with the requirements of all local, state, and federal laws. This list is alphabetical by county. It is periodically updated by the MPCA.

This information is voluntarily supplied by the landfills listed and is not necessarily a complete list of available services. Other firms offering similar services may not appear on this list because the MPCA is unaware of their activities.

A landfill may be added to this list when requested.
