RE: Notification Concerning Draft Rule Amendments that may Affect Farming Operations; Forthcoming
Proposed Rule Amendments to Minnesota Rules, Chapters 7050 and 7052, Relating to Tiered
Aquatic Life Uses and Modification of Class 2 Beneficial Use Designations

Dear Commissioner Frederickson:

Minn. Stat. § 14.111 requires that before an agency adopts or repeals rules that affect farming operations, the agency must provide a copy of the proposed rule change to the Commissioner of the Department of Agriculture, no later than 30-days prior to publication of the proposed rules in the *State Register*. The Minnesota Pollution Control Agency (MPCA) is developing amendments to the water quality standards (WQS) in Minn. R. chs. 7050 and 7052. A copy of the draft proposed rule amendments is enclosed. Also enclosed is the draft Statement of Need and Reasonableness (SONAR), which explains why the provisions of the proposed rules are considered necessary and reasonable. The MPCA plans to publish the notice of intention to adopt the proposed rules in the *State Register* in late November 2016, or shortly thereafter.

As explained in the draft SONAR, these amendments will establish a Tiered Aquatic Life Uses (TALU) framework, which will modernize the MPCA's existing Class 2 WQS from a "one-size-fits-all" classification system for aquatic life to one that more accurately reflects the biological diversity of Minnesota's streams, rivers and ditches. These rule revisions will refine the protection of water quality for fish and invertebrates (e.g., insects, crayfish, mussels) in streams, rivers and ditches by creating tiers within the existing Class 2 WQS based on biological potential. The TALU framework will be used to designate these waters as Exceptional, General or Modified based on an assessment of their existing biological condition and habitat quality. Overall, this will improve how water quality goals are set and allow for more efficient use of resources to protect and restore waters for the benefit of aquatic life and Minnesota residents.

It is important to highlight that these rule amendments will not create additional authority to regulate drainage ditches. Ditches created under Minnesota Drainage Law are currently, and will continue to be, protected for aquatic life and recreation uses (Class 2). The proposed amendments will not change drainage law or affect how drainage ditches can be repaired, maintained or cleaned. Rather, they will provide reasonable aquatic life goals that recognize the limitations that exist in areas with legally-altered habit.

Commissioner Dave Frederickson

RE: Proposed Amendments to Minnesota Rules, Chapters 7050 (Water Quality Standards for Protection of Waters of the State) and 7052 (Lake Superior Basin Water Standards), relating to Tiered Aquatic Life Uses and Modification of Class 2 Beneficial Use Designations

Dear Legislator:

Enclosed is a Dual Notice of Intention to Adopt Proposed Rule amendments, referenced above, without a public hearing unless 25 or more persons request a hearing, and notice of hearing if 25 or more requests for hearing are received. The dual notice, which contains a summary of the proposed rule amendments, will be published in the December 19, 2016, *State Register*. Also enclosed are a copy of the Statement of Need and Reasonableness and a copy of the proposed rule amendments.

Minn. Stat. § 14.116, states, in part:

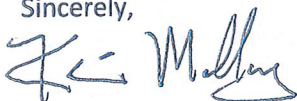

"14.116 NOTICE TO LEGISLATURE.

(b) When an agency mails notice of intent to adopt rules under section 14.14 or 14.22, the agency must send a copy of the same notice and a copy of the statement of need and reasonableness to the chairs and ranking minority party members of the legislative policy and budget committees with jurisdiction over the subject matter of the proposed rules and to the Legislative Coordinating Commission.

You are receiving this correspondence because you are identified as a chair or ranking minority party member of the legislative policy and budget committees with jurisdiction over the subject matter of the proposed rule amendments. The Minnesota Pollution Control Agency (MPCA) is meeting the requirements of Minn. Stat. § 14.116, in part, by sending you this correspondence via email.

If you have any questions regarding this rulemaking, please contact me at 651-757-2577. As indicated in the Dual Notice, these documents are also available at the MPCA public notice webpage: <https://www.pca.state.mn.us/public-notices>. They can also be viewed, together with additional background information, at the MPCA's TALU Framework web page: <https://www.pca.state.mn.us/water/tiered-aquatic-life-use-talu-framework>. In addition, the public notice and proposed rule amendments can be viewed in the December 19, 2016, edition of the State Register at: <http://www.minnesotasbookstore.com>.

I certify that on December 19, 2016, at least 33 days before the end of the comment period, at the City of St. Paul, County of Ramsey, State of Minnesota, the MPCA sent notification to municipalities as required by the statute referenced above. Specifically, after purchasing current lists of municipal officials through the League of Minnesota Cities, the Association of Minnesota Counties, and the Association of Minnesota Townships, the MPCA provided notice to each City Mayor and County Chairperson via email, which included a hyperlink to the webpage where the Dual Notice, proposed amendments and SONAR could be viewed. In addition, the MPCA sent notification via U.S. mail to the each township clerk with the same information. A copy of the email notification and U.S. mail correspondence are attached to this certification, together with the mailing lists.

In addition, after receiving undeliverable mail receipts in response to the December 19, 2016, email notice, the MPCA located updated email addresses for those municipalities whose email addresses were no longer valid. A second email was then sent on December 30, 2016, to ensure these municipalities received the required notice. A copy of this email notification is also attached to this certificate.

RE: Proposed Amendments to Minnesota Rules, Chapters 7050 (Water Quality Standards for Protection of Waters of the State) and 7052 (Lake Superior Basin Water Standards), relating to Tiered Aquatic Life Uses and Modification of Class 2 Beneficial Use Designations

Dear Township Clerk:

The Minnesota Pollution Control Agency (MPCA) announces an official public comment period, from December 19, 2016, to Feb 2, 2017, on proposed amendments, referenced above, that the MPCA intends to adopt. The proposed amendments will establish a Tiered Aquatic Life Uses (TALU) framework, which will modernize the MPCA's existing Class 2 water quality standards from a "one-size-fits-all" classification system for aquatic life to one that more accurately reflects the biological diversity of Minnesota's streams, rivers and ditches. The amendments will refine the water quality goals for fish and invertebrates (e.g., insects, crayfish, mussels) in streams by creating tiers within the existing Class 2 water quality standards based on biological potential. The TALU framework will be used to designate these waters as Exceptional, General or Modified based on an assessment of their existing biological condition and habitat quality. Overall, this will improve how water quality goals are set and allow for more efficient use of resources to protect and restore waters for the benefit of aquatic life and Minnesota residents.

You are receiving this correspondence because the MPCA is required to notify you of these proposed amendments (Minn. Stat. § 115.44, subd. 7). To review a copy of the MPCA's dual notice of intention to adopt these proposed rule amendments without a hearing, unless 25 or more persons request a hearing, and notice of hearing if 25 or more requests for a hearing are received, please go to the following MPCA web page: <https://www.pca.state.mn.us/public-notices>. The proposed rule amendments and the Statement of Need and Reasonableness are also available at this location, and they can also be viewed, together with additional background information, at the MPCA's TALU Framework web page: <https://www.pca.state.mn.us/water/tiered-aquatic-life-use-talu-framework>. In addition, the public notice and proposed rule amendments can be viewed in the December 19, 2016, edition of the State Register at: <http://www.minnesotasbookstore.com>.

The MPCA encourages written comments on the proposed rule amendments. As indicated in the notice, all written comments need to be submitted by no later than 4:30 p.m. on February 2, 2017, to Will Bouchard, MPCA, Environmental Analysis and Outcomes Division, 520 Lafayette Road North, Saint Paul, MN 55155-4194; telephone: 651-757-2333; Fax: 651-297-7709; or email: talurulemaking.pca@state.mn.us. Please contact Mr. Bouchard if you have any questions related to the proposed amendments. If you have questions regarding how to submit comments on the proposed amendments or inquiries related to the administrative rulemaking process, please contact me at 651-757-2577.

The Minnesota Pollution Control Agency (MPCA) announces an official public comment period on proposed amendments to state water quality standards, which will establish a Tiered Aquatic Life Uses (TALU) framework. The 45-day comment period is open from December 19, 2016, until 4:30 p.m. on February 2, 2017. The proposed amendments are to Minnesota Rules, Chapters 7050 (Water Quality Standards for Protection of Waters of the State) and 7052 (Lake Superior Basin Water Standards), relating to Tiered Aquatic Life Uses and Modification of Class 2 Beneficial Use Designations.

To review a copy of the MPCA's dual notice of intention to adopt the proposed rule amendments without a public hearing, unless 25 or more persons request a hearing, and notice of hearing, if 25 or more requests for a hearing are received, please go to the following MPCA Web page: <https://www.pca.state.mn.us/public-notices>. The proposed rule amendments and the Statement of Need and Reasonableness are also available at this location, and they can also be viewed, together with additional background information, at the MPCA's TALU Framework web page: <https://www.pca.state.mn.us/water/tiered-aquatic-life-use-talu-framework>. In addition, the public notice and proposed rule amendments can be viewed in the December 19, 2016, edition of the State Register at: <http://www.minnesotasbookstore.com>.

As summarized in the Dual Notice, the proposed amendments will establish a Tiered Aquatic Life Uses (TALU) framework, which will modernize the MPCA's existing Class 2 water quality standards from a "one-size-fits-all" classification system for aquatic life to one that more accurately reflects the biological diversity of Minnesota's streams, rivers and ditches. This will refine the water quality goals for fish and invertebrates (e.g., insects, crayfish, mussels) in streams by creating tiers within the existing Class 2 water quality standards based on biological potential. The TALU framework will be used to designate these waters as Exceptional, General or Modified based on an assessment of their existing biological condition and habitat quality. Overall, this will improve how water quality goals are set and allow for more efficient use of resources to protect and restore waters for the benefit of aquatic life and Minnesota residents.

The MPCA is encouraging written comments on the proposed rules. As indicated in the notice, all written comments need to be submitted to the MPCA contact person by no later than 4:30 p.m. on February 2, 2017. The MPCA contact person is: Will Bouchard, MPCA, Environmental Analysis and Outcomes Division, 520 Lafayette Road North, Saint Paul, MN 55155-4194; telephone: 651-757-2333; Fax: 651-297-7709; or email: talurulemaking.pca@state.mn.us. Please contact Will Bouchard if you have any questions related to the proposed amendments. If you have questions regarding how to submit comments or inquiries related to the administrative rulemaking process, please contact Kevin Molloy at 651-757-2577.

The Minnesota Pollution Control Agency (MPCA) announces an official public comment period on proposed amendments to state water quality standards, which will establish a Tiered Aquatic Life Uses (TALU) framework. The 45-day comment period is open from December 19, 2016, until 4:30 p.m. on February 2, 2017. The proposed amendments are to Minnesota Rules, Chapters 7050 (Water Quality Standards for Protection of Waters of the State) and 7052 (Lake Superior Basin Water Standards), relating to Tiered Aquatic Life Uses and Modification of Class 2 Beneficial Use Designations.

To review a copy of the MPCA's dual notice of intention to adopt the proposed rule amendments without a public hearing, unless 25 or more persons request a hearing, and notice of hearing, if 25 or more requests for a hearing are received, please go to the following MPCA Web page: <https://www.pca.state.mn.us/public-ntices>. The proposed rule amendments and the Statement of Need and Reasonableness are also available at this location, and they can also be viewed, together with additional background information, at the MPCA's TALU Framework web page: <https://www.pca.state.mn.us/water/tiered-aquatic-life-use-talu-framework>. In addition, the public notice and proposed rule amendments can be viewed in the December 19, 2016, edition of the State Register at: <http://www.minnesotasbookstore.com>.

As summarized in the Dual Notice, the proposed amendments will establish a Tiered Aquatic Life Uses (TALU) framework, which will modernize the MPCA's existing Class 2 water quality standards from a "one-size-fits-all" classification system for aquatic life to one that more accurately reflects the biological diversity of Minnesota's streams, rivers and ditches. This will refine the water quality goals for fish and invertebrates (e.g., insects, crayfish, mussels) in streams by creating tiers within the existing Class 2 water quality standards based on biological potential. The TALU framework will be used to designate these waters as Exceptional, General or Modified based on an assessment of their existing biological condition and habitat quality. Overall, this will improve how water quality goals are set and allow for more efficient use of resources to protect and restore waters for the benefit of aquatic life and Minnesota residents.

Exhibit K.3.

The MPCA is encouraging written comments on the proposed rules. As indicated in the notice, all written comments need to be submitted to the MPCA contact person by no later than 4:30 p.m. on February 2, 2017. The MPCA contact person is: Will Bouchard, MPCA, Environmental Analysis and Outcomes Division, 520 Lafayette Road North, Saint Paul, MN 55155-4194; telephone: 651-757-2333; Fax: 651-297-7709; or email: talurulemaking.pca@state.mn.us. Please contact Will Bouchard if you have any questions related to the proposed amendments. If you have questions regarding how to submit comments or inquiries related to the administrative rulemaking process, please contact Kevin Molloy at 651-757-2577.

**Proposed Amendments to Minnesota Rules, Chapters 7050 and 7052, relating to Tiered

I certify that on October 14, 2016, at least 30 days prior to the publication of the proposed rule amendments in the State Register, at the City of St. Paul, County of Ramsey, State of Minnesota, the MPCA notified the Commissioner of the Minnesota Management and Budget (MMB), pursuant to Minnesota Statutes, Section 14.131. Specifically, the MPCA: (a) deposited a letter from the MPCA Commissioner to the Commissioner of the MMB, together with a copy of the proposed rule amendments and Statement of Need and Reasonableness, in the interoffice mail of the State of Minnesota; and (b) emailed a copy of the same letter and associated attachments to the MMB staff. A copy of the letter, which requested the MMB's review and comments on the fiscal analysis of the proposed rules, is attached to this Certificate.

Shortly after submitting the aforementioned correspondence and attachments to the MMB, the MPCA learned that the staff person who routinely conducts the required consultation no longer worked at MMB. As a follow-up, on December 7-8, 2016, I corresponded with MMB staff to ascertain whether anybody else might be performing the required consultation and to answer any associated questions. In response, the MMB staff informed me that a staff person had been assigned and that the consultation would likely be taking place soon. However, as of the date of this certificate, the MPCA has received no additional communication from MMB regarding the matter. A copy of the MPCA's email correspondence with MMB, dated December 7-8, 2016, is attached to this certificate.

RE: Fiscal Analysis of Proposed Amendments to Minnesota Rules, Chapters 7050 and 7052, Relating to
Tiered Aquatic Life Uses and Modification of Class 2 Beneficial Use Designations

Dear Commissioner Frans:

Minn. Stat. § 14.131 requires state agencies to consult with the Commissioner of the Minnesota Management and Budget (MMB) "to help evaluate the fiscal impact and fiscal benefits of proposed rules on local units of government." This correspondence relates to that requirement. Specifically, the Minnesota Pollution Control Agency (MPCA) requests that the MMB please review and comment on the fiscal analysis detailed in the enclosed draft Statement of Need and Reasonableness (SONAR) for the proposed rule amendments identified above.

In addition to the draft SONAR, a copy of the Revisor's draft rules, dated September 26, 2016, and the MPCA's Proposed Rule and SONAR Form (for the Governor's Office) are enclosed. It is my understanding that by furnishing these documents at the same time they are provided to the Governor's Office we are following the MMB procedures for initiating the required consultation. This allows the fiscal impacts and fiscal benefits of a proposed rule to be reviewed by the MMB concurrent with the required Governor's Office review.

Thank you for your assistance with this matter. If you have any questions related to the proposed rule amendments or the associated enclosures, please contact Kevin Molloy at 651-757-2577 or via e-mail at kevin.molloy.state.mn.us.

Sincerely,

Subject: RE: Fiscal Analysis of Proposed Amendments to Minnesota Rules, Chapters 7050 and 7052, Relating to Tiered Aquatic Life Uses and Modification of Class 2 Beneficial Use Designations

Ms. Cowell:

This is a follow-up to the voicemail message I left earlier today. As mentioned, I am trying to gauge the status of MMB's review of our rulemaking submittal. Last October, Cindy Penny sent the email below, together with associated attachments, to initiate the MPCA's required fiscal analysis consultation with MMB for this water quality standards rulemaking (Minn. Stat. sec. 14.131). In the past, MPCA staff typically started these required consultations by emailing the documents to Michelle Mitchell. However, after being informed that she is no longer working for MMB, we were advised to send these documents to you instead (Commissioner Myron Franz was also sent a hard copy of the letter). For your reference, and since it's been seven weeks, I'm attaching a copy of the MPCA's (October 10th) explanatory letter. Please let me know if it would be helpful for me to also resubmit the additional attachments (e.g., SONAR, Proposed Rule and SONAR Form, and draft rules).

Also, since leaving my voicemail message I got to thinking that perhaps somebody else at MMB, and not you, was provided our submittal to review and comment on. That said, can you, or perhaps your designee, please let me know the status? We have received the Governor's Office approval to proceed to publishing our Notice of Intention to Adopt the rules in the *State Register* and plan to do so soon (Dec 19th). Optimally, the MPCA would like to answer any questions MMB may have prior to this date, consistent with how MMB (Michelle) provided this consultation in past rulemakings.

Thank you!

Thank you for submitting comments on the Minnesota Pollution Control Agency's (MPCA) proposed Amendments to State Water Quality Standards (Minn. R. chs. 7050 and 7052), which will establish a Tiered Aquatic Life Uses Framework and modify Class 2 Beneficial Use Designations.

During the comment period, which ended at 4:30 p.m. on February 2, 2017, the MPCA received more than 25 valid requests for the hearing. Therefore, as indicated in the MPCA's notice of intention to adopt the rule amendments, published in the State Register on December 19, 2016, the public hearing will be convened at 3:30 p.m. on Thursday, February 16, 2017, and will continue until all parties are heard or until the Administrative Law Judge adjourns the hearing. The public hearing will be conducted by Administrative Law Judge James R. Mortenson in Room 100 of the MPCA St. Paul Office, 520 Lafayette Road North, Saint Paul, Minnesota 55155. To enable the public to participate throughout the state, it will also be held via interactive video conference at the following MPCA Regional Offices:

- MPCA Detroit Lakes Office, 714 Lake Ave., Suite 220, Detroit Lakes, MN 56501
- MPCA Duluth Office, 525 Lake Avenue South, Suite 400, Duluth, MN 55802
- MPCA Marshall Regional Office, 504 Fairgrounds Rd Suite 200, Marshall, MN 56258

Please see the attached Notice of Hearing for additional information.

For additional background materials regarding this rulemaking, including the proposed rule amendments, notice of intention to adopt the amendments, and the Statement of Need and Reasonableness, please go to the MPCA's TALU Framework web page: <https://www.pca.state.mn.us/water/tiered-aquatic-life-use-talu-framework>.

NOTICE OF HEARING TO THOSE WHO REQUESTED A HEARING

Proposed Amendments to *Minnesota Rules*, Chapters 7050 and 7052, relating to Tiered Aquatic Life Uses and Modification of Class 2 Beneficial Use Designations; Revisor's ID Number: RD4237

To persons who requested a hearing. In accordance with Minnesota Statutes, section 14.25, subdivision 1, the Minnesota Pollution Control Agency (MPCA) is sending this notice to all persons who requested a hearing.

There will be a hearing. In the December 19, 2016, *State Register*, on pages 659 to 762, the MPCA published a Notice of Intent to Adopt Rules relating to Tiered Aquatic Life Uses and Modification of Class 2 Beneficial Use Designations, together with the proposed amendments. The Notice stated that the MPCA would hold a public hearing on the proposed rules if 25 or more persons submitted written requests. During the comment period, which ended at 4:30 p.m. on February 2, 2017, the MPCA received a sufficient number of requests for a hearing. Therefore, as stated in the *State Register*, the public hearing will be conducted in Room 100 of the MPCA St. Paul Office, 520 Lafayette Rd. N., St. Paul, MN 55155, starting at 3:30 p.m. on Thursday, February 16, 2017. To enable the public to participate throughout the state, the public hearing will also be held via video conference at the following MPCA Regional Offices:

- MPCA Detroit Lakes Office, 714 Lake Ave., Suite 220, Detroit Lakes, MN 56501
- MPCA Duluth Office, 525 Lake Ave. S., Suite 400, Duluth, MN 55802
- MPCA Marshall Regional Office, 504 Fairgrounds Rd., Suite 200, Marshall, MN 56258

The hearing will continue until all parties are heard or until the Administrative Law Judge adjourns the hearing.

The following Web site contains maps and directions for each respective MPCA Office: <https://www.pca.state.mn.us/about-mpca/mpca-offices>. Also, if you plan to attend the hearing at the MPCA St. Paul Office, please bring photo identification. All visitors, upon entering the MPCA St. Paul office, are required to provide photo identification during the registration process at the security desk.

Administrative Law Judge. Administrative Law Judge James R. Mortenson will conduct the hearing. The judge can be reached at the Office of Administrative Hearings (OAH), 600 N. Robert St., P.O. Box 64620, St. Paul, MN 55164-0620, by calling OAH Legal Assistant Katie Lin at 651-361-7900, by email to katie.lin@state.mn.us, or by fax 651-539-0310. You should direct questions concerning the rule hearing procedure to the administrative law judge.

Agency Contact Person. The agency contact person is: Will Bouchard, MPCA, Environmental Analysis and Outcomes Division, 520 Lafayette Rd. N., St. Paul, MN 55155-4194; telephone: 651-757-2333; or email: talurulemaking.pca@state.mn.us. You should direct questions or comments about the rules to the agency contact person. A copy of the Notice of Intent to Adopt Rules, as published in the *State Register* on December 19, 2016, is available upon request from the agency contact person.

Hearing Requests

A total of 323 requests for a hearing were received (175 Water Legacy, 143 Trout Unlimited, and 5 others). Two commenters (John Lenczewski [Trout Unlimited] and Red River Watershed Management Board) indicated in their comments that they did not request a hearing because a hearing was scheduled to be held. We received an additional 10 comments without a request for a hearing.

**Minnesota Pollution
Control Agency**

Public Hearing to be held February 16, 2017, on Proposed Amendments to State Water Quality Standards, which will establish a Tiered Aquatic Life Uses Framework and modify Class 2 Beneficial Use Designations

You are receiving this notice because you are registered with the MPCA to receive electronic notification of this rule proceeding.

The Minnesota Pollution Control Agency (MPCA) published its notice of intention to adopt proposed rule amendments, referenced above, in the State Register on December 19, 2016, together with the proposed amendments. As stated in the notice, the MPCA would hold a public hearing on the proposed rules if 25 or more persons submitted written requests. During the 45-day comment period, which ended at 4:30 p.m. on February 2, 2017, the MPCA received more than 25 valid requests for the hearing. Therefore, as indicated in the notice, the public hearing will be convened at 3:30 p.m. on Thursday, February 16, 2017, and will continue until all parties are heard or until the Administrative Law Judge adjourns the hearing.

The public hearing will be conducted by Administrative Law Judge James R. Mortenson in Room 100 of the MPCA St. Paul Office, 520 Lafayette Road North, Saint Paul, Minnesota 55155. To enable the public to participate throughout the state, it will also be held via interactive video conference at the following MPCA Regional Offices:

- MPCA Detroit Lakes Office, 714 Lake Ave., Suite 220, Detroit Lakes, MN 56501
- MPCA Duluth Office, 525 Lake Avenue South, Suite 400, Duluth, MN 55802
- MPCA Marshall Regional Office, 504 Fairgrounds Rd Suite 200, Marshall, MN 56258

The following Web site contains maps and directions for each respective MPCA Office: <https://www.pca.state.mn.us/about-mpca/mpca-offices>. Also, if you plan to attend the hearing at the MPCA St. Paul Office, please bring photo identification. All visitors, upon entering the MPCA St. Paul office, are required to provide photo identification during the registration process at the security desk.

Tiered aquatic life uses (TALU) framework

UPDATE: A Public Hearing will be held February 16, 2017, on the Minnesota Pollution Control Agency's (MPCA) Proposed Amendments to State Water Quality Standards, which will establish a Tiered Aquatic Life Uses Framework and modify Class 2 Beneficial Use Designations. Please see the Rulemaking section below for more information, including the Notice of Hearing to those who requested one.

Minnesota is proposing to adopt changes to its water quality standards (Minn. Rule Chapters 7050 and 7052), which will establish a tiered aquatic life uses (TALU) framework for rivers and streams. The proposed rule amendments affect Class 2 (Aquatic Life) standards.

The TALU framework represents a significant revision to the water quality standards of the state's aquatic life use classification. It builds upon existing water quality standards to improve how water quality in streams and rivers are monitored and managed. Additionally, these changes will advance the ability to identify stressors and develop effective mechanisms to improve and maintain the condition of waters in Minnesota.

Adopting the proposed TALU framework will enhance the protection and maintenance of the biological, chemical and physical integrity of state water resources by achieving the following goals:

- **Establish biological water quality standards.** This will provide a more direct method to measure and protect biological health and identify water quality problems that chemical measurements alone might miss.
- **Protect high quality water resources.** The framework will provide a mechanism to identify and protect high quality water resources.
- **Provide a mechanism to appropriately and reasonably classify and assess modified water resources.** These include channelized streams and ditches.
- **Improve stressor identification.** This will provide greater accuracy when assessing the stressors that impact Minnesota's water resources.

Rulemaking

The MPCA published its notice of intention to adopt proposed rule amendments to state water quality standards (Minnesota Rules, Chapters 7050 and 7052), which would establish a TALU framework and modify Class 2 Beneficial Use Designations, in the *State Register* on December 19, 2016, together with the proposed amendments. As stated in the notice, the MPCA would hold a public hearing on the proposed rules if 25 or more persons submitted written requests. During the 45-day comment period, which ended at 4:30 p.m. on February 2, 2017, the MPCA received more than 25 valid requests for the hearing.

Therefore, as stated in the *State Register*, the public hearing will be conducted in Room 100 of the MPCA St. Paul Office, 520 Lafayette Rd N., St. Paul, MN, starting at 3:30 p.m. on Thursday, February 16, 2017. To enable the public to participate throughout the state, the public hearing will also be held via video conference at the following MPCA Regional Offices:

- MPCA Detroit Lakes Office, 714 Lake Ave., Suite 220, Detroit Lakes, MN
- MPCA Duluth Office, 525 Lake Ave. S., Suite 400, Duluth, MN
- MPCA Marshall Regional Office, 504 Fairgrounds Rd Suite 200, Marshall, MN
