

Public Facilities Authority ● Pollution Control Agency ● Department of Health

Date: January 18, 2019
To: Public Wastewater, Stormwater, and Drinking Water Officials
Subject: **Accepting Projects for 2020 Project Priority List and State Revolving Fund Loan (SRF) Intended Use Plans**

Submissions are now being accepted to place public wastewater, stormwater, and drinking water infrastructure improvement projects on the 2020 Project Priority Lists (PPL) and Intended Use Plans (IUP) for the Clean Water and Drinking Water State Revolving Funds (SRFs). Projects must be listed on the appropriate PPL as the first step to be eligible for the SRFs or Clean Water Legacy Fund programs. System owners must request that their projects be placed on the appropriate 2020 IUP if they expect to be ready for construction and are seeking SRF financing in state fiscal year 2020 (July 1, 2019 to June 30, 2020).

The two state revolving fund programs are administered by the Minnesota Public Facilities Authority (PFA), together with the Minnesota Pollution Control Agency (MPCA) and Minnesota Department of Health (MDH). The PFA provides low interest loans or grants to local governments for eligible projects based on priorities determined by the MPCA (for wastewater and stormwater projects) and the MDH (for drinking water projects).

Additional information and instructions are enclosed. Deadlines are listed below for the PPLs and IUPs.

Project Priority List – Clean Water Revolving Fund

- Ø Wastewater and stormwater projects
- Ø Deadline: March 1, 2019 (on or before) to MPCA
 - PPL application and scoring worksheet (Including supporting documentation, as required)
 - Wastewater facilities plans
 - Stormwater project plans
- Ø See enclosure
